Dear Doctor Krupski:

The State Medical Board of Ohio has determined that you are possibly in violation of Section 4731.22(B)(19), Ohio Revised Code, to wit: "inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills," and/or Section 4731.22(B)(26), Ohio Revised Code, to wit: "impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice." This determination is based upon one or more of the following reasons:

(1) On or about May 10, 1988, you were admitted to the Emergency Room of Cleveland St. Vincent Charity Hospital after falling backwards and hitting the back of your head on the sidewalk. The attending Emergency Room physician diagnosed a scalp laceration and alcohol abuse.

Further, a blood sample was taken to determine the concentration of alcohol in your blood. The results of that test showed a concentration of twenty five-hundredths of one percent (.25%) by weight of alcohol in your blood.

(2) On or about June 18, 1985, you were found guilty of Driving While Intoxicated, a misdemeanor violation of Section 4511.19, Ohio Revised Code. You were fined $250 and costs, and sentenced to 100 days in county jail. You were given credit for 4 days served and the balance of jail time would be considered served if you did 96 days of community service, and you disposed of your automobile and agreed not to acquire another one without consent of the court. Further, your driver's license was suspended at this time for 5 years.

(3) On or about March 1, 1982, you were found guilty of Driving While Intoxicated in violation of Section 4511.19, Ohio Revised Code. You were fined $750 and costs with subsequent credit for medical bills and sentenced to 60 days in county jail. Further, your driver's license was suspended at this time until January 12, 1983.

(4) On or about August 6, 1981, you were found guilty of Driving While Intoxicated in violation of Section 4734.01, Codified Ordinances of Avon Lake. You were fined $500 and costs and sentenced to 60 days in county jail. One-half of the fine and your entire jail sentence were withheld.

(5) On or about August 21, 1979, you were found guilty of Driving While Intoxicated in violation of Section 434.01, Codified Ordinances of Avon Lake. You were fined $300 and costs and sentenced to 10 days in county jail which may hve been withheld pending the court's receipt of your medical report. Further, your driver's license was suspended at this time for a period of one (1) year.

(6) On or about June 5, 1988, State Medical Board Investigators Tom Shane and Pete Vitucci spoke with you concerning your apparent problems with alcohol. At that time, you related your past experiences with various treatment programs for alcohol abuse over a period of years.

By the authority vested in the State Medical Board of Ohio by Sections 4731.22(B)(19) and 4731.22(B)(26), Ohio Revised Code, you are ordered to submit to a physical and/or mental examination. You will be notified of the place, date, and time of the examination under separate cover.

Be advised that failure to submit to this examination as directed, constitutes an admission of the allegations against you unless failure is due to circumstances beyond your control, and that a default and final order may thereupon be entered without the taking of testimony or presentation of evidence.

A copy of the statute sections mentioned in this letter are enclosed for your information.

Very truly yours,

Henry G. Cramblett, M.D. /jcr
