

Physician Assistant Prescriptive Authority (Rx) Endorsement

On application of an individual who received a license to practice as a Physician Assistant without having first obtained a Master's or higher degree and is not otherwise authorized to exercise physician-delegated prescriptive authority, may obtain prescriptive authority by providing evidence of having obtained a Master's or higher degree from either of the following:

- (a) A program accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA);
 - (b) A program accredited by a regional or specialized and professional accrediting agency recognized by the Council for Higher Education Accreditation (CHEA), if the degree is in a course of study with clinical relevance to the practice of physician assistants.
-
