

STEP II
CONSENT AGREEMENT
BETWEEN
BARBARA GAY O'KEEFE MURRELL, M.D.,
AND
THE STATE MEDICAL BOARD OF OHIO

This Consent Agreement is entered into by and between Barbara Gay O'Keefe Murrell, M.D., [Dr. Murrell], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapter 4731., Ohio Revised Code.

Dr. Murrell enters into this Consent Agreement being fully informed of her rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

- A. The Board is empowered by Section 4731.22(B), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for a violation of Section 4731.22(B)(26), Ohio Revised Code, for "impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice."
- B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violation of Section 4731.22(B)(26), Ohio Revised Code, as set forth in Paragraph E below, and expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4731. of the Revised Code, whether occurring before or after the effective date of this Consent Agreement.
- C. Dr. Murrell is seeking reinstatement of her certificate to practice medicine and surgery, License Number 35.044599, which was indefinitely suspended pursuant to the Step I Consent Agreement Between Barbara Gay O'Keefe Murrell, M.D., and the State Medical Board of Ohio [September 2009 Step I Consent Agreement], effective September 9, 2009, a copy of which is attached hereto and incorporated herein.
- D. Dr. Murrell states that she is not licensed to practice in any other state or jurisdiction.

- E. Dr. Murrell admits that after entering residential treatment for chemical dependence on or about August 31, 2009, at Shepherd Hill Hospital, a Board-approved treatment provider in Newark, Ohio, she was discharged, residential treatment complete, on or about September 28, 2009. Dr. Murrell states, and the Board acknowledges receipt of information to support, that since being discharged from Shepherd Hill Hospital, she has remained compliant with the physician's aftercare contract she entered into with Shepherd Hill Hospital on or about September 24, 2009, as amended on or about October 21 and 28, 2009, and further admits that the aforementioned physician's aftercare contract remains in effect.

Dr. Murrell states, and the Board acknowledges, that Richard N. Whitney, M.D., of Shepherd Hill Hospital, a physician knowledgeable in the area of addictionology and approved by the Board to conduct an assessment of Dr. Murrell, has provided a written reporting indicating that Dr. Murrell's ability to practice has been assessed and that she has been found capable of practicing according to acceptable and prevailing standards of care, so long as certain treatment and monitoring conditions are in place.

Dr. Murrell further states, and the Board acknowledges, that Steven Clay, D.O., of University Medical Associates, a physician knowledgeable in the area of addictionology and approved by the Board to conduct an assessment of Dr. Murrell, has provided a written report indicating that Dr. Murrell's ability to practice has been assessed and that she has been found capable of practicing according to acceptable and prevailing standards of care, so long as certain treatment and monitoring conditions are in place.

Accordingly, Dr. Murrell states, and the Board acknowledges receipt of information to support, that Dr. Murrell has fulfilled the conditions for reinstatement of her certificate to practice medicine and surgery in the State of Ohio, as established in the above-referenced September 2009 Step I Consent Agreement between Dr. Murrell and the Board.

AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, the certificate of Dr. Murrell to practice medicine and surgery in the State of Ohio shall be REINSTATED, and Dr. Murrell knowingly and voluntarily agrees with the Board to the following PROBATIONARY terms, conditions and limitations:

1. Dr. Murrell shall obey all federal, state, and local laws, and all rules governing the practice of medicine in Ohio.
2. Dr. Murrell shall submit quarterly declarations under penalty of Board disciplinary action and/or criminal prosecution, stating whether there has been compliance with all

the conditions of this Consent Agreement. The first quarterly declaration must be received in the Board's offices on the date her quarterly declaration would have been due pursuant to her September 2009 Consent Agreement with the Board, or as otherwise requested by the Board. Subsequent quarterly declarations must be received in the Board's offices on or before the first day of every third month.

3. Dr. Murrell shall appear in person for an interview before the full Board or its designated representative. The first such appearance shall take place on the date her appearance would have been scheduled pursuant to her September 2009 Step I Consent Agreement with the Board. Subsequent personal appearances must occur every three months thereafter, and/or as otherwise requested by the Board. If an appearance is missed or is rescheduled for any reason, ensuing appearances shall be scheduled based on the appearance date as originally scheduled.
4. Dr. Murrell shall obtain permission from the Board for departures or absences from Ohio. Such periods of absence shall not reduce the probationary term, unless otherwise determined by motion of the Board for absences of three months or longer, or by the Secretary or the Supervising Member of the Board for absences of less than three months, in instances where the Board can be assured that probationary monitoring is otherwise being performed. Further, the Secretary and Supervising Member of the Board shall have the discretion to grant a waiver of part or all of the probationary terms set forth in this Consent Agreement for occasional periods of absence of fourteen days or less. In the event that Dr. Murrell resides and/or is employed at a location that is within fifty miles of the geographic border of Ohio and any of its contiguous states, Dr. Murrell may travel between Ohio and that contiguous state without seeking prior approval of the Secretary or Supervising Member provided that Dr. Murrell is able to otherwise maintain full compliance with all other terms, conditions and limitations set forth in this Consent Agreement.
5. In the event Dr. Murrell is found by the Secretary of the Board to have failed to comply with any provision of this Consent Agreement, and is so notified of that deficiency in writing, such period(s) of noncompliance will not apply to the reduction of the probationary period under this Consent Agreement.

MONITORING OF REHABILITATION AND TREATMENT

Drug Associated Restrictions

6. Dr. Murrell shall keep a log of all controlled substances prescribed. Such log shall be submitted, in the format approved by the Board, on the date upon which Dr. Murrell's quarterly declaration is due, or as otherwise directed by the Board. Further, Dr. Murrell shall make her patient records with regard to such prescribing available for review by an agent of the Board immediately upon request.

7. Dr. Murrell shall not, without prior Board approval, administer, personally furnish, or possess (except as allowed under Paragraph 8 below) any controlled substances as defined by state or federal law. In the event that the Board agrees at a future date to modify this Consent Agreement to allow Dr. Murrell to administer or personally furnish controlled substances, Dr. Murrell shall keep a log of all controlled substances prescribed, administered or personally furnished. Such log shall be submitted in the format approved by the Board and shall be submitted to the Board no later than the date upon which Dr. Murrell's quarterly declaration is due, or as otherwise directed by the Board. Further, Dr. Murrell shall make her patient records with regard to such prescribing, administering, or personally furnishing available for review by an agent of the Board immediately upon request.

Sobriety

8. Dr. Murrell shall abstain completely from the personal use or personal possession of drugs, except those prescribed, dispensed or administered to her by another so authorized by law who has full knowledge of Dr. Murrell's history of chemical dependency. Further, in the event that Dr. Murrell is so prescribed, dispensed or administered any controlled substance, carisoprodol, or tramadol, Dr. Murrell shall notify the Board in writing within seven days, providing the Board with the identity of the prescriber; the name of the drug Dr. Murrell received; the medical purpose for which she received said drug; the date such drug was initially received; and the dosage, amount, number of refills, and directions for use. Further, within thirty days of the date said drug is so prescribed, dispensed, or administered to her, Dr. Murrell shall provide the Board with either a copy of the written prescription or other written verification from the prescriber, including the dosage, amount, number of refills, and directions for use.
9. Dr. Murrell shall abstain completely from the use of alcohol.

Drug and Alcohol Screens/Drug Testing Facility and Collection Site

10. Dr. Murrell shall submit to random urine screenings for drugs and alcohol at least two times per month, or as otherwise directed by the Board. Dr. Murrell shall ensure that all screening reports are forwarded directly to the Board on a quarterly basis. The drug testing panel utilized must be acceptable to the Secretary of the Board, and shall include Dr. Murrell's drug(s) of choice.

Dr. Murrell shall abstain from the use of any substance and the consumption of poppy seeds or any other food or liquid that may produce a low level positive result in a toxicology screen. Dr. Murrell acknowledges that she understands that the consumption or use of such substances, including but not limited to substances such as mouthwash or hand cleaning gel, may cause a positive drug screen that may not be

able to be differentiated from intentional ingestion, and therefore such consumption or use is prohibited under this Consent Agreement.

All such urine screenings for drugs and alcohol shall be conducted through a Board-approved drug testing facility and collection site pursuant to the global contract between said facility and the Board, that provides for the Board to maintain ultimate control over the urine screening process and to preserve the confidentiality of all positive screening results in accordance with Section 4731.22(F)(5), Ohio Revised Code, and the screening process shall require a daily call-in procedure. Further, in the event that the Board exercises its discretion, as provided in Paragraph 11 below, to approve urine screenings to be conducted at an alternative drug testing facility and/or collection site or a supervising physician, such approval shall be expressly contingent upon the Board retaining ultimate control over the urine screening process in a manner that preserves the aforementioned confidentiality of all positive screening results.

Dr. Murrell shall submit, at her expense and on the day selected, urine specimens for drug and/or alcohol analysis. All specimens submitted by Dr. Murrell shall be negative, except for those substances prescribed, administered, or dispensed to her in conformance with the terms, conditions and limitations set forth in this Consent Agreement. Refusal to submit such specimen, or failure to submit such specimen on the day she is selected or in such manner as the Board may request, shall constitute a violation of this Consent Agreement.

Further, within thirty days of the effective date of this Consent Agreement, Dr. Murrell shall enter into the necessary financial and/or contractual arrangements with the Board-approved drug testing facility and/or collection site in order to facilitate the urine screening process in the manner required by this Consent Agreement. Further, Dr. Murrell shall promptly provide to the Board written documentation of completion of such arrangements, including a copy of any contract entered into between Dr. Murrell and the Board-approved drug testing facility and/or collection site. Dr. Murrell's failure to timely complete such arrangements, or failure to timely provide written documentation to the Board of completion of such arrangements, shall constitute a violation of this Consent Agreement. However, Dr. Murrell and the Board further agree that in the event Dr. Murrell previously entered into the aforementioned financial and contractual agreements pursuant to the requirements of a prior consent agreement with the Board under which Dr. Murrell is currently participating in an ongoing urine screening process, then this requirement shall be waived under the instant consent agreement.

Dr. Murrell shall ensure that the urine screening process performed through the Board-approved drug testing facility and/or collection site requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Dr. Murrell and

the Board-approved drug testing facility and collection site shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

Dr. Murrell shall ensure that the Board-approved drug testing facility and/or collection site provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.

In the event that the Board-approved drug testing facility and/or collection site becomes unable or unwilling to serve as required by this Consent Agreement, Dr. Murrell must immediately notify the Board in writing, and make arrangements acceptable to the Board pursuant to Paragraph 11 below, as soon as practicable. Dr. Murrell shall further ensure that the Board-approved drug testing facility and/or collection site also notifies the Board directly of its inability to continue to serve and the reasons therefore.

Dr. Murrell acknowledges that the Board expressly reserves the right to withdraw its approval of any drug testing facility and/or collection site in the event that the Secretary and Supervising Member of the Board determine that the drug testing facility and/or collection site has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

11. Dr. Murrell and the Board agree that it is the intent of this Consent Agreement that Dr. Murrell shall submit her urine specimens to the Board-approved drug testing facility and collection site chosen by the Board. However, in the event that utilizing said Board-approved drug testing facility and/or collection site creates an extraordinary hardship upon Dr. Murrell, as determined in the sole discretion of the Board, then subject to the following requirements, the Board may approve an alternate drug testing facility and/or collection site, or a supervising physician, to facilitate the urine screening process for Dr. Murrell:
 - a. Within thirty days of the date upon which Dr. Murrell is notified of the Board's determination that utilizing the Board-approved drug testing facility and/or collection site constitutes an extraordinary hardship upon Dr. Murrell, she shall submit to the Board in writing for its prior approval the identity of either an alternate drug testing facility and collection site, or the name of a proposed supervising physician, to whom Dr. Murrell shall submit the required urine specimens. In approving a facility, entity, or an individual to serve in this capacity, the Board will give preference to a facility located near Dr. Murrell's residence or employment location, or to a physician who practices in the same locale as Dr. Murrell. Dr. Murrell shall ensure that the urine screening process performed through the alternate drug testing facility and/or collection site, or through the supervising physician, requires a daily call-in procedure; that the

urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Dr. Murrell acknowledges that the alternate drug testing facility and collection site, or the supervising physician, shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

- b. Dr. Murrell shall ensure that the alternate drug testing facility and/or collection site, or the supervising physician, provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.
- c. In the event that the designated alternate drug testing facility and/or collection site, or the supervising physician, becomes unable or unwilling to so serve, Dr. Murrell must immediately notify the Board in writing. Dr. Murrell shall further ensure that the previously designated alternate drug testing facility and collection site, or the supervising physician, also notifies the Board directly of the inability to continue to serve and the reasons therefore. Further, in order to ensure that there will be no interruption in her urine screening process, upon the previously approved alternate drug testing facility, collection site, or supervising physician becoming unable to serve, Dr. Murrell shall immediately commence urine screening at the Board-approved drug testing facility and collection site chosen by the Board, until such time, if any, that the Board approves a subsequent alternate drug testing facility, collection site, or supervising physician, if requested by Dr. Murrell.
- d. The Board expressly reserves the right to disapprove any entity or facility proposed to serve as Dr. Murrell's designated alternate drug testing facility and/or collection site, or any person proposed to serve as her supervising physician, or to withdraw approval of any entity, facility or person previously approved to so serve in the event that the Secretary and Supervising Member of the Board determine that any such entity, facility or person has demonstrated a lack of cooperation in providing information to the Board or for any other reason.
- e. In the event that the Board approved an alternate drug testing facility and/or collection site, or a supervising physician, pursuant to the September 2009 Step I Consent Agreement between Dr. Murrell and the Board, Dr. Murrell and the Board agree that the entity, facility or person previously approved by the Board to so serve pursuant to the September 2009 Step I Consent Agreement is hereby approved to continue as Dr. Murrell's designated alternate drug testing facility and collection site or as her supervising physician under this Consent Agreement.

12. All screening reports required under this Consent Agreement from the Board-approved drug testing facility and/or collection site, or from the alternate drug testing facility and/or collection site or supervising physician, must be received in the Board's offices no later than the due date for Dr. Murrell's quarterly declaration. It is Dr. Murrell's responsibility to ensure that reports are timely submitted.
13. The Board retains the right to require, and Dr. Murrell agrees to submit, blood, urine, breath, saliva and/or hair specimens for screening for drugs and alcohol, for analysis of therapeutic levels of medications that may be prescribed for Dr. Murrell, or for any other purpose, at Dr. Murrell's expense upon the Board's request and without prior notice. Dr. Murrell's refusal to submit a specimen upon request of the Board shall result in a minimum of one year of actual license suspension. Further, the collection of such specimens shall be witnessed by a representative of the Board, or another person acceptable to the Secretary or Supervising Member of the Board.

Monitoring Physician

14. Before engaging in any medical practice, Dr. Murrell shall submit to the Board in writing the name and curriculum vitae of a monitoring physician for prior written approval by the Secretary or Supervising Member of the Board. In approving an individual to serve in this capacity, the Secretary and Supervising Member will give preference to a physician who practices in the same locale as Dr. Murrell and who is engaged in the same or similar practice specialty.

The monitoring physician shall monitor Dr. Murrell and her medical practice, and shall review Dr. Murrell's patient charts. The chart review may be done on a random basis, with the frequency and number of charts reviewed to be determined by the Board.

Further, the monitoring physician shall provide the Board with reports on the monitoring of Dr. Murrell and her medical practice, and on the review of Dr. Murrell's patient charts. Dr. Murrell shall ensure that the reports are forwarded to the Board on a quarterly basis and are received in the Board's offices no later than the due date for Dr. Murrell's quarterly declaration.

In the event that the designated monitoring physician becomes unable or unwilling to serve in this capacity, Dr. Murrell must immediately so notify the Board in writing. In addition, Dr. Murrell shall make arrangements acceptable to the Board for another monitoring physician within thirty days after the previously designated monitoring physician becomes unable or unwilling to serve, unless otherwise determined by the Board. Furthermore, Dr. Murrell shall ensure that the previously designated monitoring physician also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

The Board expressly reserves the right to disapprove any person proposed to serve as Dr. Murrell's designated monitoring physician, or to withdraw approval of any person previously approved to serve as Dr. Murrell's designated monitoring physician, in the event that the Secretary and Supervising Member of the Board determine that any such monitoring physician has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

Rehabilitation Program

15. Dr. Murrell shall maintain participation in an alcohol and drug rehabilitation program, such as A.A., N.A., C.A., or Caduceus, no less than three times per week. Substitution of any other specific program must receive prior Board approval.

Dr. Murrell shall submit acceptable documentary evidence of continuing compliance with this program, including submission to the Board of meeting attendance logs, which must be received in the Board's offices no later than the due date for Dr. Murrell's quarterly declarations.

Aftercare

16. Dr. Murrell shall contact an appropriate impaired physicians committee, approved by the Board, to arrange for assistance in recovery or aftercare.
17. Dr. Murrell shall maintain continued compliance with the terms of the aftercare contract entered into with a Board-approved treatment provider, provided that, where terms of the aftercare contract conflict with terms of this Consent Agreement, the terms of this Consent Agreement shall control.

Releases

18. Dr. Murrell shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Dr. Murrell's chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. To the extent permitted by law, the above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Dr. Murrell further agrees to provide the Board written consent permitting any treatment provider from whom she obtains treatment to notify the Board in the event she fails to agree to or comply with any treatment contract or

aftercare contract. Failure to provide such consent, or revocation of such consent, shall constitute a violation of this Consent Agreement.

Required Reporting by Licensee

19. Within thirty days of the effective date of this Consent Agreement, Dr. Murrell shall provide a copy of this Consent Agreement to all employers or entities with which she is under contract to provide health care services (including but not limited to third party payors) or is receiving training, and the Chief of Staff at each hospital where she has privileges or appointments. Further, Dr. Murrell shall promptly provide a copy of this Consent Agreement to all employers or entities with which she contracts to provide health care services, or applies for or receives training, and the Chief of Staff at each hospital where she applies for or obtains privileges or appointments. In the event that Dr. Murrell provides any health care services or health care direction or medical oversight to any emergency medical services organization or emergency medical services provider, within thirty days of the effective date of this Consent Agreement, Dr. Murrell shall provide a copy of this Consent Agreement to the Ohio Department of Public Safety, Division of Emergency Medical Services. Further, Dr. Murrell shall provide the Board with one of the following documents as proof of each required notification within thirty days of the date of each such notification: (1) the return receipt of certified mail within thirty days of receiving that return receipt, (2) an acknowledgement of delivery bearing the original ink signature of the person to whom a copy of the Consent Agreement was hand delivered, (3) the original facsimile-generated report confirming successful transmission of a copy of the Consent Agreement to the person or entity to whom a copy of the Consent Agreement was faxed, or (4) an original computer-generated printout of electronic mail communication documenting the email transmission of a copy of the Consent Agreement to the person or entity to whom a copy of the Consent Agreement was emailed.
20. Within thirty days of the effective date of this Consent Agreement, Dr. Murrell shall provide a copy of this Consent Agreement to the proper licensing authority of any state or jurisdiction in which she currently holds any professional license, as well as any federal agency or entity, including but not limited to the Drug Enforcement Agency, through which she currently holds any license or certificate. Dr. Murrell further agrees to provide a copy of this Consent Agreement at time of application to the proper licensing authority of any state in which she applies for any professional license or for reinstatement of any professional license. Further, Dr. Murrell shall provide the Board with one of the following documents as proof of each required notification within thirty days of the date of each such notification: (1) the return receipt of certified mail within thirty days of receiving that return receipt, (2) an acknowledgement of delivery bearing the original ink signature of the person to whom a copy of the Consent Agreement was hand delivered, (3) the original facsimile-generated report confirming successful transmission of a copy of the

Consent Agreement to the person or entity to whom a copy of the Consent Agreement was faxed, or (4) an original computer-generated printout of electronic mail communication documenting the email transmission of a copy of the Consent Agreement to the person or entity to whom a copy of the Consent Agreement was emailed.

21. Dr. Murrell shall promptly provide a copy of this Consent Agreement to all persons and entities that provide Dr. Murrell chemical dependency treatment or monitoring. Further, Dr. Murrell shall provide the Board with one of the following documents as proof of each required notification within thirty days of the date of each such notification: (1) the return receipt of certified mail within thirty days of receiving that return receipt, (2) an acknowledgement of delivery bearing the original ink signature of the person to whom a copy of the Consent Agreement was hand delivered, (3) the original facsimile-generated report confirming successful transmission of a copy of the Consent Agreement to the person or entity to whom a copy of the Consent Agreement was faxed, or (4) an original computer-generated printout of electronic mail communication documenting the email transmission of a copy of the Consent Agreement to the person or entity to whom a copy of the Consent Agreement was emailed.
22. Dr. Murrell shall notify the Board in writing of any change of principal practice address or residence address within thirty days of such change.

FAILURE TO COMPLY

If, in the discretion of the Secretary and Supervising Member of the Board, Dr. Murrell appears to have violated or breached any term or condition of this Consent Agreement, the Board reserves the right to institute formal disciplinary proceedings for any and all possible violations or breaches, including, but not limited to, alleged violations of the laws of Ohio occurring before the effective date of this Consent Agreement.

If the Secretary and Supervising Member of the Board determine that there is clear and convincing evidence that Dr. Murrell has violated any term, condition or limitation of this Consent Agreement, Dr. Murrell agrees that the violation, as alleged, also constitutes clear and convincing evidence that her continued practice presents a danger of immediate and serious harm to the public for purposes of initiating a summary suspension pursuant to Section 4731.22(G), Ohio Revised Code.

DURATION/MODIFICATION OF TERMS

Dr. Murrell shall not request termination of this Consent Agreement for a minimum of five years. In addition, Dr. Murrell shall not request modification to the probationary terms, limitations, and conditions contained herein for at least one year. Otherwise, the above-described terms,

In the event that the Board initiates future formal proceedings against Dr. Murrell, including but not limited to issuance of a Notice of Opportunity for Hearing, this Consent Agreement shall continue in full force and effect until such time that it is superseded by ratification by the Board of a subsequent Consent Agreement or issuance by the Board of a final Board Order.

Dr. Murrell acknowledges that she has had an opportunity to ask questions concerning the terms of this Consent Agreement and that all questions asked have been answered in a satisfactory manner.

Any action initiated by the Board based on alleged violations of this Consent Agreement shall comply with the Administrative Procedure Act, Chapter 119., Ohio Revised Code.

Dr. Murrell hereby releases the Board, its members, employees, agents, officers and representatives jointly and severally from any and all liability arising from the within matter.

BETWEEN
BARBARA GAY O'KEEFE MURRELL, M.D.,
AND
THE STATE MEDICAL BOARD OF OHIO**

This Consent Agreement is entered into by and between Barbara Gay O'Keefe Murrell, M.D., [Dr. Murrell], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapter 4731., Ohio Revised Code.

Dr. Murrell enters into this Consent Agreement being fully informed of her rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

- A. The Board is empowered by Section 4731.22(B), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for violation of Section 4731.22(B)(26), Ohio Revised Code, for "impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice."
- B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violation of Section 4731.22(B)(26), Ohio Revised Code, as set forth in Paragraph E below, and expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4731. of the Revised Code, whether occurring before or after the effective date of this Agreement.
- C. Dr. Murrell is licensed to practice medicine and surgery in the State of Ohio, License Number 35.044599.
- D. Dr. Murrell states that she is not licensed to practice in any other state or jurisdiction.
- E. Dr. Murrell admits that from on or about September 29, 2008 to on or about October 1, 2008, she underwent inpatient treatment at Marietta Memorial Hospital for alcohol dependency. Dr. Murrell admits that prior to her treatment at Marietta Memorial Hospital, she realized she had a problem with extensive and excessive alcohol

consumption, and furthermore, was using marijuana three to five times per week. Dr. Murrell admits that since the three-day inpatient program, she has seen a counselor, has been regularly attending Alcoholics Anonymous meetings, and has abstained from alcohol and marijuana consumption.

Dr. Murrell attests that she entered treatment at Marietta Memorial Hospital voluntarily, and was unaware of the Board's requirement that an impaired physician successfully complete at least twenty-eight days of inpatient with a Board-approved treatment provider. Dr. Murrell further states that, prior to receiving treatment at Marietta Memorial Hospital, she has no previous treatment, inpatient or outpatient, for chemical dependence.

Dr. Murrell further attests that she is scheduled and intends to enter a Board-approved treatment provider at the end of August 2009 for at least twenty-eight days of inpatient treatment.

Dr. Murrell admits that her conduct falls within the jurisdiction of the Board to impose discipline under Section 4731.22(B)(26), Ohio Revised Code.

AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, Dr. Murrell knowingly and voluntarily agrees with the Board to the following terms, conditions and limitations:

SUSPENSION OF CERTIFICATE

1. The certificate of Dr. Murrell to practice medicine and surgery in the State of Ohio shall be **SUSPENDED** for an indefinite period of time.

Further, the Secretary and Supervising Member of the Board shall have the discretion to grant a waiver of part or all of the monitoring terms set forth in this Consent Agreement for occasional periods of absence of fourteen days or less. In the event that Dr. Murrell resides and/or is employed at a location that is within fifty miles of the geographic border of Ohio and any of its contiguous states, Dr. Murrell may travel between Ohio and that contiguous state without seeking prior approval of the Secretary or Supervising Member provided that Dr. Murrell is able to otherwise maintain full compliance with all other terms, conditions and limitations set forth in this Consent Agreement.

Releases; Quarterly Declarations and Appearances

6. Dr. Murrell shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Dr. Murrell's chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. To the extent permitted by law, the above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Dr. Murrell further agrees to provide the Board written consent permitting any treatment provider from whom she obtains treatment to notify the Board in the event she fails to agree to or comply with any treatment contract or aftercare contract. Failure to provide such consent, or revocation of such consent, shall constitute a violation of this Consent Agreement.
7. Dr. Murrell shall submit quarterly declarations under penalty of Board disciplinary action and/or criminal prosecution, stating whether there has been compliance with all the conditions of this Consent Agreement. The first quarterly declaration must be received in the Board's offices on the first day of the third month following the month in which

this Consent Agreement becomes effective, or as otherwise requested by the Board. Subsequent quarterly declarations must be received in the Board's offices on or before the first day of every third month.

8. Dr. Murrell shall appear in person for an interview before the full Board or its designated representative during the third month following the effective date of this Consent Agreement. Subsequent personal appearances must occur every three months thereafter, and/or as otherwise requested by the Board. If an appearance is missed or is rescheduled for any reason, ensuing appearances shall be scheduled based on the appearance date as originally scheduled.

Drug & Alcohol Screens; Drug Testing Facility and Collection Site

9. Dr. Murrell shall submit to random urine screenings for drugs and alcohol at least four times per month, or as otherwise directed by the Board. Dr. Murrell shall ensure that all screening reports are forwarded directly to the Board on a quarterly basis. The drug testing panel utilized must be acceptable to the Secretary of the Board, and shall include Dr. Murrell's drug(s) of choice.

Dr. Murrell shall abstain from the use of any substance and the consumption of poppy seeds or any other food or liquid that may produce a low level positive result in a toxicology screen. Dr. Murrell acknowledges that she understands that the consumption or use of such substances, including but not limited to substances such as mouthwash or hand cleaning gel, may cause a positive drug screen that may not be able to be differentiated from intentional ingestion, and therefore such consumption or use is prohibited under this Consent Agreement.

All such urine screenings for drugs and alcohol shall be conducted through a Board-approved drug testing facility and collection site pursuant to the global contract between said facility and the Board, that provides for the Board to maintain ultimate control over the urine screening process and to preserve the confidentiality of all positive screening results in accordance with Section 4731.22(F)(5), Ohio Revised Code, and the screening process shall require a daily call-in procedure. Further, in the event that the Board exercises its discretion, as provided in Paragraph 10 below, to approve urine screenings to be conducted at an alternative drug testing facility and/or collection site or a supervising physician, such approval shall be expressly contingent upon the Board retaining ultimate control over the urine screening process in a manner that preserves the aforementioned confidentiality of all positive screening results.

Dr. Murrell shall submit, at her expense and on the day selected, urine specimens for drug and/or alcohol analysis. All specimens submitted by Dr. Murrell shall be negative, except for those substances prescribed, administered, or dispensed to her in conformance with the terms, conditions and limitations set forth in this Consent Agreement. Refusal to submit such specimen, or failure to submit such specimen on the day she is selected or

in such manner as the Board may request, shall constitute a violation of this Consent Agreement.

Further, within thirty days of the effective date of this Consent Agreement, Dr. Murrell shall enter into the necessary financial and/or contractual arrangements with the Board-approved drug testing facility and/or collection site in order to facilitate the urine screening process in the manner required by this Consent Agreement. Further, Dr. Murrell shall promptly provide to the Board written documentation of completion of such arrangements, including a copy of any contract entered into between Dr. Murrell and the Board-approved drug testing facility and/or collection site. Dr. Murrell's failure to timely complete such arrangements, or failure to timely provide written documentation to the Board of completion of such arrangements, shall constitute a violation of this Consent Agreement.

Dr. Murrell shall ensure that the urine screening process performed through the Board-approved drug testing facility and/or collection site requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Dr. Murrell and the Board-approved drug testing facility and collection site shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

Dr. Murrell shall ensure that the Board-approved drug testing facility and/or collection site provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.

In the event that the Board-approved drug testing facility and/or collection site becomes unable or unwilling to serve as required by this Consent Agreement, Dr. Murrell must immediately notify the Board in writing, and make arrangements acceptable to the Board, pursuant to Paragraph 10 below, as soon as practicable. Dr. Murrell shall further ensure that the Board-approved drug testing facility and/or collection site also notifies the Board directly of its inability to continue to serve and the reasons therefore.

Dr. Murrell acknowledges that the Board expressly reserves the right to withdraw its approval of any drug testing facility and/or collection site in the event that the Secretary and Supervising Member of the Board determine that the drug testing facility and/or collection site has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

10. Dr. Murrell and the Board agree that it is the intent of this Consent Agreement that Dr. Murrell shall submit her urine specimens to the Board-approved drug testing facility and collection site chosen by the Board. However, in the event that utilizing said Board-approved drug testing facility and/or collection site creates an extraordinary hardship

STATE MEDICAL BOARD
OF OHIO

2009 SEP -2 PM 3:00

upon Dr. Murrell, as determined in the sole discretion of the Board, then subject to the following requirements, the Board may approve an alternate drug testing facility and/or collection site, or a supervising physician, to facilitate the urine screening process for Dr. Murrell:

- a. Within thirty days of the date upon which Dr. Murrell is notified of the Board's determination that utilizing the Board-approved drug testing facility and/or collection site constitutes an extraordinary hardship upon Dr. Murrell, she shall submit to the Board in writing for its prior approval the identity of either an alternate drug testing facility and collection site, or the name of a proposed supervising physician, to whom Dr. Murrell shall submit the required urine specimens. In approving a facility, entity, or an individual to serve in this capacity, the Board will give preference to a facility located near Dr. Murrell's residence or employment location, or to a physician who practices in the same locale as Dr. Murrell. Dr. Murrell shall ensure that the urine screening process performed through the alternate drug testing facility and/or collection site, or through the supervising physician, requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Dr. Murrell acknowledges that the alternate drug testing facility and collection site, or the supervising physician, shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.
- b. Dr. Murrell shall ensure that the alternate drug testing facility and/or collection site, or the supervising physician, provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.
- c. In the event that the designated alternate drug testing facility and/or collection site, or the supervising physician, becomes unable or unwilling to so serve, Dr. Murrell must immediately notify the Board in writing. Dr. Murrell shall further ensure that the previously designated alternate drug testing facility and collection site, or the supervising physician, also notifies the Board directly of the inability to continue to serve and the reasons therefore. Further, in order to ensure that there will be no interruption in her urine screening process, upon the previously approved alternate drug testing facility, collection site, or supervising physician becoming unable to serve, Dr. Murrell shall immediately commence urine screening at the Board-approved drug testing facility and collection site chosen by the Board, until such time, if any, that the Board approves a subsequent alternate drug testing facility, collection site, or supervising physician, if requested by Dr. Murrell.
- d. The Board expressly reserves the right to disapprove any entity or facility proposed to serve as Dr. Murrell's designated alternate drug testing facility and/or collection

site, or any person proposed to serve as her supervising physician, or to withdraw approval of any entity, facility or person previously approved to so serve in the event that the Secretary and Supervising Member of the Board determine that any such entity, facility or person has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

11. All screening reports required under this Consent Agreement from the Board-approved drug testing facility and/or collection site, or from the alternate drug testing facility and/or collection site or supervising physician, must be received in the Board's offices no later than the due date for Dr. Murrell's quarterly declaration. It is Dr. Murrell's responsibility to ensure that reports are timely submitted.
12. The Board retains the right to require, and Dr. Murrell agrees to submit, blood, urine, breath, saliva and/or hair specimens for screening for drugs and alcohol, for analysis of therapeutic levels of medications that may be prescribed for Dr. Murrell, or for any other purpose, at Dr. Murrell's expense upon the Board's request and without prior notice. Dr. Murrell's refusal to submit a specimen upon request of the Board shall result in a minimum of one year of actual license suspension. Further, the collection of such specimens shall be witnessed by a representative of the Board, or another person acceptable to the Secretary or Supervising Member of the Board.

Rehabilitation Program

13. Within thirty days of the effective date of this Consent Agreement, Dr. Murrell shall undertake and maintain participation in an alcohol and drug rehabilitation program, such as A.A., N.A., C.A., or Caduceus, no less than three times per week. Substitution of any other specific program must receive prior Board approval.

Dr. Murrell shall submit acceptable documentary evidence of continuing compliance with this program, including submission to the Board of meeting attendance logs, which must be received in the Board's offices no later than the due date for Dr. Murrell's quarterly declarations.

14. Immediately upon completion of any required treatment for chemical dependency, Dr. Murrell shall enter into an aftercare contract with a Board-approved treatment provider and shall maintain continued compliance with the terms of said aftercare contract, provided that, where the terms of the aftercare contract conflict with the terms of this Consent Agreement, the terms of this Consent Agreement shall control.

CONDITIONS FOR REINSTATEMENT

The reports shall be made by physicians knowledgeable in the area of addictionology and who are either affiliated with a current Board-approved treatment provider or otherwise have been approved in advance by the Board to provide an assessment of Dr. Murrell. Further, the two aforementioned physicians shall not be affiliated with the same treatment provider or medical group practice. Prior to the assessments, Dr. Murrell shall provide the evaluators with copies of patient records from any evaluations and/or treatment that she has received, and a copy of this Consent Agreement. The reports from the evaluators shall include any recommendations for treatment, monitoring, or supervision of Dr. Murrell, and any conditions, restrictions, or limitations that should be imposed on Dr. Murrell's practice. The reports shall also describe the basis for the evaluator's determinations.

All reports required pursuant to this paragraph shall be based upon examinations occurring within the three months immediately preceding any application for reinstatement. Further, at the discretion of the Secretary and Supervising Member of the Board, the Board may request an updated

Dr. Murrell shall enter into a written consent agreement including probationary terms, conditions and limitations as determined by the Board within 180 days of the date upon which all the above-specified conditions for reinstatement or restoration have been completed or, if the Board and Dr. Murrell are unable to agree on the terms of a written Consent Agreement, then Dr. Murrell further agrees to abide by any terms, conditions and limitations imposed by Board Order after a hearing conducted pursuant to Chapter 119. of the Ohio Revised Code. The Board shall provide notice to Dr. Murrell that said hearing has been scheduled, advising Dr. Murrell of her hearing rights, and stating the date, time, and location of the hearing at which the Board will present its evidence, after which the Board will make a determination of the matter by Board Order.

Further, upon reinstatement of Dr. Murrell's certificate to practice medicine and surgery in this state, the Board shall require continued monitoring which shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by Board Order after a hearing conducted pursuant to Chapter 119. of the Revised Code. Moreover, upon termination of the consent agreement or Board Order, Dr. Murrell shall submit to the Board for at least two years annual progress reports made under penalty of Board disciplinary action or criminal prosecution stating whether Dr. Murrell has maintained sobriety.

16. In the event that Dr. Murrell has not been engaged in the active practice of medicine and surgery for a period in excess of two years prior to application for reinstatement, the Board may exercise its discretion under Section 4731.222, Ohio Revised Code, to require additional evidence of Dr. Murrell's fitness to resume practice.
