

**STEP II
CONSENT AGREEMENT
BETWEEN
TIMOTHY R. HALSTEAD, P.A.,
AND
THE STATE MEDICAL BOARD OF OHIO**

This Consent Agreement is entered into by and between Timothy R. Halstead, P.A., [Mr. Halstead], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapters 4730. and 4731., Ohio Revised Code.

Mr. Halstead enters into this Consent Agreement being fully informed of his rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

- A. The Board is empowered by Section 4730.25(B), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for a violation of Section 4730.25(B)(5), Ohio Revised Code, for “impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.”
- B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violation of Section 4730.25(B)(5), Ohio Revised Code, as set forth in Paragraph E, below, and expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4730. of the Revised Code, whether occurring before or after the effective date of this Consent Agreement.
- C. Mr. Halstead is seeking reinstatement of his certificate to practice as a physician assistant, license number 50.001298, which was indefinitely suspended pursuant to the Step I Consent Agreement Between Timothy R. Halstead, P.A. and the State Medical Board of Ohio [May 2009 Step I Consent Agreement], effective May 13, 2009, a copy of which is attached hereto and incorporated herein.
- D. Mr. Halstead states that he is not licensed to practice in any other state or jurisdiction.

- E. Mr. Halstead admits that, following a Board-ordered examination that determined him to be impaired, on or about April 24, 2009, after a brief absence of 48 hours or less to put his affairs in order, he returned to Glenbeigh Hospital for completion of a minimum of 28 days of residential treatment. He was discharged, treatment complete, on or about May 20, 2009.

Mr. Halstead states, and the Board acknowledges receipt of information to support, that, he is in substantial compliance with the aftercare contract that he entered into with the Woods at Parkside on or about May 25, 2009, as amended on or about July 31, 2009. Mr. Halstead admits that such aftercare contract remains in effect to date.

Mr. Halstead states, and the Board acknowledges receipt of information to support, that Ted Parran, M.D., a physician with Glenbeigh Hospital certified in addiction medicine who has been approved by the Board to provide an assessment of Mr. Halstead, provided a written report indicating that Mr. Halstead's ability to practice has been assessed and that he has been found capable of practicing as a physician assistant according to acceptable and prevailing standards of care, so long as he follows all of his consent agreements and his continuing care contracts. Mr. Halstead states, and the Board acknowledges receipt of information to support, that Harry P. Nguyen, M.D., Medical Director of the Woods at Parkside, a Board-approved treatment provider, provided a written report indicating that Mr. Halstead's ability to practice has been assessed and that he has been found capable of practicing as a physician assistant according to acceptable and prevailing standards of care, so long as he follows all of his consent agreements and his continuing care contracts.

Mr. Halstead states, and the Board acknowledges receipt of information to support, that Mr. Halstead has substantially fulfilled the conditions for reinstatement of his certificate to practice as a physician assistant in the State of Ohio, as established in the above-referenced May 2009 Step I Consent Agreement between Mr. Halstead and the Board.

AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, the certificate of Mr. Halstead to practice as a physician assistant in the State of Ohio shall be REINSTATED, and Mr. Halstead knowingly and voluntarily agrees with the Board to the following PROBATIONARY terms, conditions and limitations:

1. Mr. Halstead shall obey all federal, state, and local laws, and all rules governing the practice of physician assistants in Ohio.
2. Mr. Halstead shall submit quarterly declarations under penalty of Board disciplinary action and/or criminal prosecution, stating whether there has been compliance with all

the conditions of this Consent Agreement. The first quarterly declaration must be received in the Board's offices on the date his quarterly declaration would have been due pursuant to his May 2009 Step I Consent Agreement with the Board, or as otherwise requested by the Board. Subsequent quarterly declarations must be received in the Board's offices on or before the first day of every third month.

3. Mr. Halstead shall appear in person for an interview before the full Board or its designated representative. The first such appearance shall take place on the date his appearance would have been scheduled pursuant to his May 2009 Step I Consent Agreement with the Board. Subsequent personal appearances must occur every three months thereafter, and/or as otherwise requested by the Board. If an appearance is missed or is rescheduled for any reason, ensuing appearances shall be scheduled based on the appearance date as originally scheduled.
4. Mr. Halstead shall obtain permission from the Board for departures or absences from Ohio. Such periods of absence shall not reduce the probationary term, unless otherwise determined by motion of the Board for absences of three months or longer, or by the Secretary or the Supervising Member of the Board for absences of less than three months, in instances where the Board can be assured that probationary monitoring is otherwise being performed. Further, the Secretary and Supervising Member of the Board shall have the discretion to grant a waiver of part or all of the probationary terms set forth in this Consent Agreement for occasional periods of absence of fourteen days or less. In the event that Mr. Halstead resides and/or is employed at a location that is within fifty miles of the geographic border of Ohio and any of its contiguous states, Mr. Halstead may travel between Ohio and that contiguous state without seeking prior approval of the Secretary or Supervising Member provided that Mr. Halstead is able to otherwise maintain full compliance with all other terms, conditions and limitations set forth in this Consent Agreement.
5. In the event Mr. Halstead is found by the Secretary of the Board to have failed to comply with any provision of this Consent Agreement, and is so notified of that deficiency in writing, such period(s) of noncompliance will not apply to the reduction of the probationary period under this Consent Agreement.

MONITORING OF REHABILITATION AND TREATMENT

Drug Associated Restrictions

6. In the event that Mr. Halstead seeks and/or is granted physician-delegated prescriptive authority prior to the termination of this Consent Agreement, Mr. Halstead and the Board agree to enter into an addendum to this Consent Agreement, which shall impose terms, conditions and limitations related to such prescribing, as determined by the Board, within 180 days of the date upon which all of the conditions for such application for a certificate to prescribe have been completed. If the Board and Mr.

Halstead are unable to agree on the terms of an addendum, then Mr. Halstead further agrees to abide by any terms, conditions and limitations imposed by Board Order after a hearing conducted pursuant to Chapter 119. of the Ohio Revised Code. The Board shall provide notice to Mr. Halstead that said hearing has been scheduled, advising Mr. Halstead of his hearing rights, and stating the date, time, and location of the hearing at which the Board will present its evidence, after which the Board will make a determination of the matter by Board Order.

7. Mr. Halstead shall not, without prior Board approval, administer, personally furnish, or possess (except as allowed under Paragraph 8 below) any controlled substances as defined by state or federal law. In the event that the Board agrees at a future date to modify this Consent Agreement to allow Mr. Halstead to administer or personally furnish controlled substances, Mr. Halstead shall keep a log of all controlled substances prescribed, administered or personally furnished. Such log shall be submitted in the format approved by the Board and shall be submitted to the Board no later than the date upon which Mr. Halstead's quarterly declaration is due, or as otherwise directed by the Board. Further, Mr. Halstead shall make his patient records with regard to such prescribing, administering, or personally furnishing available for review by an agent of the Board immediately upon request.

Sobriety

8. Mr. Halstead shall abstain completely from the personal use or personal possession of drugs, except those prescribed, dispensed or administered to him by another so authorized by law who has full knowledge of Mr. Halstead's history of chemical dependency. Further, in the event that Mr. Halstead is so prescribed, dispensed or administered any controlled substance, carisoprodol, or tramadol, Mr. Halstead shall notify the Board in writing within seven days, providing the Board with the identity of the prescriber; the name of the drug Mr. Halstead received; the medical purpose for which he received said drug; the date such drug was initially received; and the dosage, amount, number of refills, and directions for use. Further, within thirty days of the date said drug is so prescribed, dispensed, or administered to him, Mr. Halstead shall provide the Board with either a copy of the written prescription or other written verification from the prescriber, including the dosage, amount, number of refills, and directions for use.
9. Mr. Halstead shall abstain completely from the use of alcohol.

Drug and Alcohol Screens/Drug Testing Facility and Collection Site

10. Mr. Halstead shall submit to random urine screenings for drugs and alcohol at least two times per month, or as otherwise directed by the Board. Mr. Halstead shall ensure that all screening reports are forwarded directly to the Board on a quarterly

basis. The drug testing panel utilized must be acceptable to the Secretary of the Board, and shall include Mr. Halstead's drug(s) of choice.

Mr. Halstead shall abstain from the use of any substance and the consumption of poppy seeds or any other food or liquid that may produce a low level positive result in a toxicology screen. Mr. Halstead acknowledges that he understands that the consumption or use of such substances, including but not limited to substances such as mouthwash or hand cleaning gel, may cause a positive drug screen that may not be able to be differentiated from intentional ingestion, and therefore such consumption or use is prohibited under this Consent Agreement.

All such urine screenings for drugs and alcohol shall be conducted through a Board-approved drug testing facility and collection site pursuant to the global contract between said facility and the Board, that provides for the Board to maintain ultimate control over the urine screening process and to preserve the confidentiality of all positive screening results in accordance with Section 4730.26(F), Ohio Revised Code, and the screening process shall require a daily call-in procedure. Further, in the event that the Board exercises its discretion, as provided in Paragraph 11 below, to approve urine screenings to be conducted at an alternative drug testing facility and/or collection site or a supervising physician, such approval shall be expressly contingent upon the Board retaining ultimate control over the urine screening process in a manner that preserves the aforementioned confidentiality of all positive screening results.

Mr. Halstead shall submit, at his expense and on the day selected, urine specimens for drug and/or alcohol analysis. All specimens submitted by Mr. Halstead shall be negative, except for those substances prescribed, administered, or dispensed to him in conformance with the terms, conditions and limitations set forth in this Consent Agreement. Refusal to submit such specimen, or failure to submit such specimen on the day he is selected or in such manner as the Board may request, shall constitute a violation of this Consent Agreement.

Further, within thirty days of the effective date of this Consent Agreement, Mr. Halstead shall enter into the necessary financial and/or contractual arrangements with the Board-approved drug testing facility and/or collection site in order to facilitate the urine screening process in the manner required by this Consent Agreement. Further, Mr. Halstead shall promptly provide to the Board written documentation of completion of such arrangements, including a copy of any contract entered into between Mr. Halstead and the Board-approved drug testing facility and/or collection site. Mr. Halstead's failure to timely complete such arrangements, or failure to timely provide written documentation to the Board of completion of such arrangements, shall constitute a violation of this Consent Agreement. However, Mr. Halstead and the Board further agree that in the event Mr. Halstead previously entered into the aforementioned financial and contractual agreements pursuant to the requirements of

a prior consent agreement with the Board under which Mr. Halstead is currently participating in an ongoing urine screening process, then this requirement shall be waived under the instant consent agreement.

Mr. Halstead shall ensure that the urine screening process performed through the Board-approved drug testing facility and/or collection site requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Mr. Halstead and the Board-approved drug testing facility and collection site shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

Mr. Halstead shall ensure that the Board-approved drug testing facility and/or collection site provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.

In the event that the Board-approved drug testing facility and/or collection site becomes unable or unwilling to serve as required by this Consent Agreement, Mr. Halstead must immediately notify the Board in writing, and make arrangements acceptable to the Board pursuant to Paragraph 11 below, as soon as practicable. Mr. Halstead shall further ensure that the Board-approved drug testing facility and/or collection site also notifies the Board directly of its inability to continue to serve and the reasons therefore.

Mr. Halstead acknowledges that the Board expressly reserves the right to withdraw its approval of any drug testing facility and/or collection site in the event that the Secretary and Supervising Member of the Board determine that the drug testing facility and/or collection site has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

11. Mr. Halstead and the Board agree that it is the intent of this Consent Agreement that Mr. Halstead shall submit his urine specimens to the Board-approved drug testing facility and collection site chosen by the Board. However, in the event that utilizing said Board-approved drug testing facility and/or collection site creates an extraordinary hardship upon Mr. Halstead, as determined in the sole discretion of the Board, then subject to the following requirements, the Board may approve an alternate drug testing facility and/or collection site, or a supervising physician, to facilitate the urine screening process for Mr. Halstead:
 - a. Within thirty days of the date upon which Mr. Halstead is notified of the Board's determination that utilizing the Board-approved drug testing facility and/or collection site constitutes an extraordinary hardship upon Mr. Halstead, he shall submit to the Board in writing for its prior approval the identity of

either an alternate drug testing facility and collection site, or the name of a proposed supervising physician, to whom Mr. Halstead shall submit the required urine specimens. In approving a facility, entity, or an individual to serve in this capacity, the Board will give preference to a facility located near Mr. Halstead's residence or employment location, or to a physician who practices in the same locale as Mr. Halstead. Mr. Halstead shall ensure that the urine screening process performed through the alternate drug testing facility and/or collection site, or through the supervising physician, requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Mr. Halstead acknowledges that the alternate drug testing facility and collection site, or the supervising physician, shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

- b. Mr. Halstead shall ensure that the alternate drug testing facility and/or collection site, or the supervising physician, provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.
- c. In the event that the designated alternate drug testing facility and/or collection site, or the supervising physician, becomes unable or unwilling to so serve, Mr. Halstead must immediately notify the Board in writing. Mr. Halstead shall further ensure that the previously designated alternate drug testing facility and collection site, or the supervising physician, also notifies the Board directly of the inability to continue to serve and the reasons therefore. Further, in order to ensure that there will be no interruption in his urine screening process, upon the previously approved alternate drug testing facility, collection site, or supervising physician becoming unable to serve, Mr. Halstead shall immediately commence urine screening at the Board-approved drug testing facility and collection site chosen by the Board, until such time, if any, that the Board approves a subsequent alternate drug testing facility, collection site, or supervising physician, if requested by Mr. Halstead.
- d. The Board expressly reserves the right to disapprove any entity or facility proposed to serve as Mr. Halstead's designated alternate drug testing facility and/or collection site, or any person proposed to serve as his supervising physician, or to withdraw approval of any entity, facility or person previously approved to so serve in the event that the Secretary and Supervising Member of the Board determine that any such entity, facility or person has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

- e. In the event that the Board approved an alternate drug testing facility and/or collection site, or a supervising physician, pursuant to the May 2009 Step I Consent Agreement between Mr. Halstead and the Board, Mr. Halstead and the Board agree that the entity, facility or person previously approved by the Board to so serve pursuant to the May 2009 Step I Consent Agreement is hereby approved to continue as Mr. Halstead's designated alternate drug testing facility and collection site or as his supervising physician under this Consent Agreement.
12. All screening reports required under this Consent Agreement from the Board-approved drug testing facility and/or collection site, or from the alternate drug testing facility and/or collection site or supervising physician, must be received in the Board's offices no later than the due date for Mr. Halstead's quarterly declaration. It is Mr. Halstead's responsibility to ensure that reports are timely submitted.
13. The Board retains the right to require, and Mr. Halstead agrees to submit, blood, urine, breath, saliva and/or hair specimens for screening for drugs and alcohol, for analysis of therapeutic levels of medications that may be prescribed for Mr. Halstead, or for any other purpose, at Mr. Halstead's expense upon the Board's request and without prior notice. Mr. Halstead's refusal to submit a specimen upon request of the Board shall result in a minimum of one year of actual license suspension. Further, the collection of such specimens shall be witnessed by a representative of the Board, or another person acceptable to the Secretary or Supervising Member of the Board.

Reporting Physician

14. Within thirty days of the effective date of this Consent Agreement, Mr. Halstead shall submit to the Board for its prior approval the name and curriculum vitae of a reporting physician. In approving an individual to serve in this capacity, the Secretary and Supervising Member will give preference to a physician who practices in the same locale as Mr. Halstead.

The reporting physician shall provide the Board with reports on the performance of Mr. Halstead in his practice as a physician assistant in the State of Ohio, including information concerning Mr. Halstead's clinical skills, professionalism, ethical behavior, amenability to supervision and any complaints from patients or coworkers. Mr. Halstead shall ensure that the reports are forwarded to the Board on a quarterly basis and are received in the Board's offices no later than the due date for Mr. Halstead's quarterly declaration.

In the event that Mr. Halstead's designated reporting physician becomes unable or unwilling to serve in this capacity, Mr. Halstead must immediately so notify the Board in writing. In addition, Mr. Halstead shall submit to the Board for its approval the name and curriculum vitae of an alternative reporting physician within thirty days

after the previously designated reporting physician becomes unable or unwilling to serve, unless otherwise determined by the Board. Furthermore, Mr. Halstead shall ensure that the previously designated reporting physician also notifies the Board directly of his or her inability to serve and the reasons therefore.

The Board expressly reserves the right to disapprove any person proposed to serve as Mr. Halstead's designated reporting physician, or to withdraw approval of any person previously approved to serve as Mr. Halstead's designated reporting physician, in the event that the Secretary and Supervising Member of the Board determine that any such reporting physician has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

Rehabilitation Program

15. Mr. Halstead shall maintain participation in an alcohol and drug rehabilitation program, such as A.A., N.A., C.A., or Caduceus, no less than three times per week. Substitution of any other specific program must receive prior Board approval.

Mr. Halstead shall submit acceptable documentary evidence of continuing compliance with this program, including submission to the Board of meeting attendance logs, which must be received in the Board's offices no later than the due date for Mr. Halstead's quarterly declarations.

Aftercare

16. Mr. Halstead shall contact an appropriate impaired physicians/practitioners committee, approved by the Board, to arrange for assistance in recovery or aftercare.
17. Mr. Halstead shall maintain continued compliance with the terms of the aftercare contract entered into with a Board-approved treatment provider, provided that, where terms of the aftercare contract conflict with terms of this Consent Agreement, the terms of this Consent Agreement shall control.

Releases

18. Mr. Halstead shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Mr. Halstead's chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. To the extent permitted by law, the above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Mr. Halstead further agrees to provide the Board written consent

permitting any treatment provider from whom he obtains treatment to notify the Board in the event he fails to agree to or comply with any treatment contract or aftercare contract. Failure to provide such consent, or revocation of such consent, shall constitute a violation of this Consent Agreement.

Required Reporting by Licensee

19. Within thirty days of the effective date of this Consent Agreement, Mr. Halstead shall provide a copy of this Consent Agreement to all employers or entities with which he is under contract to provide health care services (including but not limited to third party payors) or is receiving training, and the Chief of Staff at each hospital where he has privileges or appointments. Further, Mr. Halstead shall promptly provide a copy of this Consent Agreement to all employers or entities with which he contracts to provide health care services, or applies for or receives training, and the Chief of Staff at each hospital where he applies for or obtains privileges or appointments. In the event that Mr. Halstead provides any health care services or health care direction or medical oversight to any emergency medical services organization or emergency medical services provider, within thirty days of the effective date of this Consent Agreement Mr. Halstead shall provide a copy of this Consent Agreement to the Ohio Department of Public Safety, Division of Emergency Medical Services. Further, Mr. Halstead shall provide the Board with one of the following documents as proof of each required notification within thirty days of the date of each such notification: (1) the return receipt of certified mail within thirty days of receiving that return receipt, (2) an acknowledgement of delivery bearing the original ink signature of the person to whom a copy of the Consent Agreement was hand delivered, (3) the original facsimile-generated report confirming successful transmission of a copy of the Consent Agreement to the person or entity to whom a copy of the Consent Agreement was faxed, or (4) an original computer-generated printout of electronic mail communication documenting the email transmission of a copy of the Consent Agreement to the person or entity to whom a copy of the Consent Agreement was emailed.
20. Within thirty days of the effective date of this Consent Agreement, Mr. Halstead shall provide a copy of this Consent Agreement to the proper licensing authority of any state or jurisdiction in which he currently holds any professional license, as well as any federal agency or entity, including but not limited to the Drug Enforcement Agency, through which he currently holds any license or certificate. Mr. Halstead further agrees to provide a copy of this Consent Agreement at time of application to the proper licensing authority of any state in which he applies for any professional license or for reinstatement of any professional license. If the Secretary and Supervising Member of the Board determine that there is clear and convincing evidence that Mr. Halstead has violated any term, condition or limitation of this Consent Agreement, Mr. Halstead agrees that the violation, as alleged, also constitutes clear and convincing evidence that his continued practice presents a danger of immediate and serious harm to the public for purposes of initiating a summary suspension pursuant to Section 4730.25(G), Ohio Revised Code.

DURATION/MODIFICATION OF TERMS

Mr. Halstead shall not request termination of this Consent Agreement for a minimum of five years. In addition, Mr. Halstead shall not request modification to the probationary terms,

Mr. Halstead hereby releases the Board, its members, employees, agents, officers and representatives jointly and severally from any and all liability arising from the within matter.

This Consent Agreement shall be considered a public record as that term is used in Section 149.43, Ohio Revised Code. AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, Mr. Halstead knowingly and voluntarily agrees with the Board to the following terms, conditions and limitations:

Further, in the event that Mr. Halstead is so prescribed, dispensed or administered any controlled substance, carisoprodol, or tramadol, Mr. Halstead shall notify the Board in writing within seven days, providing the Board with the identity of the prescriber; the name of the drug Mr. Halstead received; the medical purpose for which he received said drug; the date such drug was initially received; and the dosage, amount, number of refills, and directions for use. In the event that Mr. Halstead resides and/or is employed at a location that is within fifty miles of the geographic border of Ohio and any of its contiguous states, Mr. Halstead

Releases; Quarterly Declarations and Appearances

- STATE HOSPITAL BOARD
2009 APR 15 10:07 AM
6. Mr. Halstead shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Mr. Halstead's chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. To the extent permitted by law, the above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Mr. Halstead further agrees to provide the Board written consent permitting any treatment provider from whom he obtains treatment to notify the Board in the event he fails to agree to or comply with any treatment contract or aftercare contract. Failure to provide such consent, or revocation of such consent, shall constitute a violation of this Consent Agreement.
 7. Mr. Halstead shall submit quarterly declarations under penalty of Board disciplinary action and/or criminal prosecution, stating whether there has been compliance with all the conditions of this Consent Agreement. The first quarterly declaration must be received in the Board's offices on the first day of the third month following the month in which this Consent Agreement becomes effective, or as otherwise requested by the Board. Subsequent quarterly declarations must be received in the Board's offices on or before the first day of every third month.
 8. Mr. Halstead shall appear in person for an interview before the full Board or its designated representative during the third month following the effective date of this Consent Agreement. Subsequent personal appearances must occur every three months thereafter, and/or as otherwise requested by the Board. If an appearance is missed or is rescheduled for any reason, ensuing appearances shall be scheduled based on the appearance date as originally scheduled.

Drug & Alcohol Screens; Drug Testing Facility and Collection Site

9. Mr. Halstead shall submit to random urine screenings for drugs and alcohol at least four times per month, or as otherwise directed by the Board. Mr. Halstead shall ensure that all screening reports are forwarded directly to the Board on a quarterly basis. The drug testing panel utilized must be acceptable to the Secretary of the Board, and shall include Mr. Halstead's drug(s) of choice.

Mr. Halstead shall abstain from the use of any substance and the consumption of poppy seeds or any other food or liquid that may produce a low level positive result in a toxicology screen. Mr. Halstead acknowledges that he understands that the consumption or use of such substances, including but not limited to substances such as mouthwash or hand cleaning gel, may cause a positive drug screen that may not be able to be differentiated from intentional ingestion, and therefore such consumption or use is prohibited under this Consent Agreement.

All such urine screenings for drugs and alcohol shall be conducted through a Board-approved drug testing facility and collection site, except as provided in Paragraph 10 below, and the screening process shall require a daily call-in procedure.

Mr. Halstead shall submit, at his expense and on the day selected, urine specimens for drug and/or alcohol analysis. All specimens submitted by Mr. Halstead shall be negative, except for those substances prescribed, administered, or dispensed to him in conformance with the terms, conditions and limitations set forth in this Consent Agreement. Refusal to submit such specimen, or failure to submit such specimen on the day he is selected or in such manner as the Board may request, shall constitute a violation of this Consent Agreement.

Further, within thirty days of the effective date of this Consent Agreement, Mr. Halstead shall enter into the necessary financial and/or contractual arrangements with the Board-approved drug testing facility and/or collection site in order to facilitate the urine screening process in the manner required by this Consent Agreement. Further, Mr. Halstead shall promptly provide to the Board written documentation of completion of such arrangements, including a copy of any contract entered into between Mr. Halstead and the Board-approved drug testing facility and/or collection site. Mr. Halstead's failure to timely complete such arrangements, or failure to timely provide written documentation to the Board of completion of such arrangements, shall constitute a violation of this Consent Agreement.

Mr. Halstead shall ensure that the urine screening process performed through the Board-approved drug testing facility and/or collection site requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Mr. Halstead and the Board-approved drug testing facility and collection site shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

Mr. Halstead shall ensure that the Board-approved drug testing facility and/or collection site provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.

In the event that the Board-approved drug testing facility and/or collection site becomes unable or unwilling to serve as required by this Consent Agreement, Mr. Halstead must immediately notify the Board in writing, and make arrangements acceptable to the Board, pursuant to Paragraph 10 below, as soon as practicable. Mr. Halstead shall further ensure that the Board-approved drug testing facility and/or collection site also notifies the Board directly of its inability to continue to serve and the reasons therefore.

Mr. Halstead acknowledges that the Board expressly reserves the right to withdraw its approval of any drug testing facility and/or collection site in the event that the Secretary and Supervising Member of the Board determine that the drug testing facility and/or collection site has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

10. Mr. Halstead and the Board agree that it is the intent of this Consent Agreement that Mr. Halstead shall submit his urine specimens to the Board-approved drug testing facility and collection site chosen by the Board. However, in the event that utilizing said Board-approved drug testing facility and/or collection site creates an extraordinary hardship upon Mr. Halstead, as determined in the sole discretion of the Board, then subject to the following requirements, the Board may approve an alternate drug testing facility and/or collection site, or a supervising physician, to facilitate the urine screening process for Mr. Halstead:
 - a. Within thirty days of the date upon which Mr. Halstead is notified of the Board's determination that utilizing the Board-approved drug testing facility and/or collection site constitutes an extraordinary hardship upon Mr. Halstead, he shall submit to the Board in writing for its prior approval the identity of either an alternate drug testing facility and collection site, or the name of a proposed supervising physician, to whom Mr. Halstead shall submit the required urine specimens. In approving a facility, entity, or an individual to serve in this capacity, the Board will give preference to a facility located near Mr. Halstead's residence or employment location, or to a physician who practices in the same locale as Mr. Halstead. Mr. Halstead shall ensure that the urine screening process performed through the alternate drug testing facility and/or collection site, or through the supervising physician, requires a daily call-in procedure; that the urine specimens are obtained on a random basis; and that the giving of the specimen is witnessed by a reliable person. In addition, Mr. Halstead acknowledges that the alternate drug testing facility and collection site, or the supervising physician, shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.
 - b. Mr. Halstead shall ensure that the alternate drug testing facility and/or collection site, or the supervising physician, provides quarterly reports to the Board, in a format acceptable to the Board, verifying whether all urine screens have been

conducted in compliance with this Consent Agreement, and whether all urine screens have been negative.

- STATE MEDICAL BOARD
2007 MAR 19 AM 11
- c. In the event that the designated alternate drug testing facility and/or collection site, or the supervising physician, becomes unable or unwilling to so serve, Mr. Halstead must immediately notify the Board in writing. Mr. Halstead shall further ensure that the previously designated alternate drug testing facility and collection site, or the supervising physician, also notifies the Board directly of the inability to continue to serve and the reasons therefore. Further, in order to ensure that there will be no interruption in his urine screening process, upon the previously approved alternate drug testing facility, collection site, or supervising physician becoming unable to serve, Mr. Halstead shall immediately commence urine screening at the Board-approved drug testing facility and collection site chosen by the Board, until such time, if any, that the Board approves a subsequent alternate drug testing facility, collection site, or supervising physician, if requested by Mr. Halstead.
 - d. The Board expressly reserves the right to disapprove any entity or facility proposed to serve as Mr. Halstead's designated alternate drug testing facility and/or collection site, or any person proposed to serve as his supervising physician, or to withdraw approval of any entity, facility or person previously approved to so serve in the event that the Secretary and Supervising Member of the Board determine that any such entity, facility or person has demonstrated a lack of cooperation in providing information to the Board or for any other reason.
11. All screening reports required under this Consent Agreement from the Board-approved drug testing facility and/or collection site, or from the alternate drug testing facility and/or collection site or supervising physician, must be received in the Board's offices no later than the due date for Mr. Halstead's quarterly declaration. It is Mr. Halstead's responsibility to ensure that reports are timely submitted.
 12. The Board retains the right to require, and Mr. Halstead agrees to submit, blood, urine, breath, saliva and/or hair specimens for screening for drugs and alcohol, for analysis of therapeutic levels of medications that may be prescribed for Mr. Halstead, or for any other purpose, at Mr. Halstead's expense upon the Board's request and without prior notice. Mr. Halstead's refusal to submit a specimen upon request of the Board shall result in a minimum of one year of actual license suspension. Further, the collection of such specimens shall be witnessed by a representative of the Board, or another person acceptable to the Secretary or Supervising Member of the Board.

Rehabilitation Program

13. Within thirty days of the effective date of this Consent Agreement, Mr. Halstead shall undertake and maintain participation in an alcohol and drug rehabilitation program, such

as A.A., N.A., C.A., or Caduceus, no less than three times per week. Substitution of any other specific program must receive prior Board approval.

Mr. Halstead shall submit acceptable documentary evidence of continuing compliance with this program, including submission to the Board of meeting attendance logs, which must be received in the Board's offices no later than the due date for Mr. Halstead's quarterly declarations.

14. Immediately upon completion of any required treatment for chemical dependency, Mr. Halstead shall enter into an aftercare contract with a Board-approved treatment provider and shall maintain continued compliance with the terms of said aftercare contract, provided that, where the terms of the aftercare contract conflict with the terms of this Consent Agreement, the terms of this Consent Agreement shall control.

CONDITIONS FOR REINSTATEMENT

15. The Board shall not consider reinstatement or restoration of Mr. Halstead's certificate to practice as a physician assistant until all of the following conditions are met:
 - a. Mr. Halstead shall submit an application for reinstatement or restoration, as appropriate, accompanied by appropriate fees, if any.

acceptable and prevailing standards of care. The reports shall be made by physicians knowledgeable in the area of addictionology and who are either affiliated with a current Board-approved treatment provider or otherwise have been approved in advance by the Board to provide an assessment of Mr. Halstead. Further, the two aforementioned physicians shall not be affiliated with the same treatment provider or medical group practice. Prior to the assessments, Mr. Halstead shall provide the evaluators with copies of patient records from any evaluations and/or treatment that he has received, and a copy of this Consent Agreement. The reports from the evaluators shall include any recommendations for treatment, monitoring, or supervision of Mr. Halstead, and any conditions, restrictions, or limitations that should be imposed on Mr. Halstead's practice. The reports shall also describe the basis for the evaluator's determinations.

All reports required pursuant to this paragraph shall be based upon examinations occurring within the three months immediately preceding any application for reinstatement. Further, at the discretion of the Secretary and Supervising Member of the Board, the Board may request an updated assessment and report if the Secretary and Supervising Member determine that such updated assessment and report is warranted for any reason.

The Board shall provide notice to Mr. Halstead that said hearing has been scheduled, advising Mr. Halstead of his hearing rights, and stating the date, time, and location of the hearing at which the Board will present its evidence, after which the Board will make a determination of the matter by Board Order.

Further, upon reinstatement of Mr. Halstead's certificate to practice as a physician assistant in this state, the Board shall require continued monitoring which shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by Board Order after a hearing conducted pursuant to Chapter 119. of the Revised Code. Moreover, upon termination of the consent agreement or Board Order, Mr. Halstead shall submit to the Board for at least two years annual progress reports made under penalty of Board disciplinary action or criminal prosecution stating whether Mr. Halstead has maintained sobriety.
