Dr. Renz and the Board agree that the person or entity previously approved by the Board to serve as Dr. Renz's supervising physician pursuant to the January 2005 Step I Consent Agreement is hereby approved to continue as Dr. Renz's designated supervising physician under this Consent Agreement, unless within thirty days of the effective date of this Consent Agreement, Dr. Renz submits to the Board for its prior approval the name and curriculum vitae of an alternative supervising physician to whom Dr. Renz shall submit the required urine specimens. Dr. Renz and the supervising physician shall ensure that the urine specimens are obtained on a random basis and that the giving of the specimen is witnessed by a reliable person. In addition, the supervising physician shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

The Board expressly reserves the right to disapprove any person or entity proposed to serve as Dr. Renz's designated supervising physician, or to withdraw approval of any person or entity previously approved to serve as Dr. Renz's designated supervising physician, in the event that the Secretary and Supervising Member of the Board determine that any such supervising physician has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

Dr. Renz shall ensure that the supervising physician provides quarterly reports to the Board, in a format acceptable to the Board, as set forth in the materials provided by the Board to the supervising physician, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, whether all urine screens have been negative, and whether the supervising physician remains willing and able to continue in his or her responsibilities.

13. Within thirty days of the effective date of this Consent Agreement, Dr. Renz shall submit to the Board for its prior approval the name and qualifications of a psychiatrist of his choice. Upon approval by the Board, Dr. Renz shall undergo and continue psychiatric treatment at least once every six weeks or as otherwise directed by the Board. Furthermore, Dr. Renz shall ensure that the previously designated treating psychiatrist also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

Monitoring Physician

14. Before engaging in any medical practice, Dr. Renz shall submit the name and curriculum vitae of a monitoring physician for prior written approval by the Secretary or Supervising Member of the Board. In approving an individual to serve in this capacity, the Secretary and Supervising Member will give preference to a physician who practices in the same locale as Dr. Renz and who is engaged in the same or similar practice specialty.

The monitoring physician shall monitor Dr. Renz and his medical practice, and shall review Dr. Renz's patient charts. The chart review may be done on a random basis, with the frequency and number of charts reviewed to be determined by the Board.

Further, the monitoring physician shall provide the Board with reports on the monitoring of Dr. Renz and his medical practice, and on the review of Dr. Renz's patient charts. Dr. Renz shall ensure that the reports are forwarded to the Board on a quarterly basis and are received in the Board's offices no later than the due date for Dr. Renz's quarterly declaration.

In the event that the designated monitoring physician becomes unable or unwilling to serve in this capacity, Dr. Renz must immediately so notify the Board in writing. In addition, Dr. Renz shall make arrangements acceptable to the Board for another monitoring physician within thirty days after the previously designated monitoring physician becomes unable or unwilling to serve, unless otherwise determined by the Board. Dr. Renz shall maintain continued compliance with the terms of the agreement entered into with the Ohio Physicians Health Program, or if approved in advance by the Board, another physician health program, provided that, where the terms of the advocacy contract conflict with the terms of this Consent Agreement, the terms of this Consent Agreement shall control.
17. Dr. Renz shall maintain continued compliance with the terms of the continuing care/aftercare contract entered into with his treatment provider, provided that, where terms of the continuing care/aftercare contract conflict with terms of this Consent Agreement, the terms of this Consent Agreement shall control.

Approval of Employment

STATE MEDICAL BOARD
OF OHIO
2005 APR - 14 AM 9:57

18. Dr. Renz shall obtain the approval of the Board for any medical practice or employment related to the health care fields. Work Hour Limitation

19. Dr. Renz shall limit his work hours to no more than fifty hours of work per week, unless otherwise approved by the Board. Dr. Renz shall keep a log reflecting the dates, times, and facilities and/or locations at which he works. Dr. Renz shall submit his work log for receipt in the Board's offices no later than the due date for Dr. Renz's quarterly declaration.

Any request by Dr. Renz for modification of the limitation on work hours set forth in this paragraph shall be accompanied by documentation from a physician affiliated with a Board approved treatment provider, or other physician approved by the Board for this purpose, who has evaluated Dr. Renz, indicating that such physician supports Dr. Renz's request for modification.

FAILURE TO COMPLY

If, in the discretion of the Secretary and Supervising Member of the Board, Dr. Renz appears to have violated or breached any term or condition of this Consent Agreement, the Board reserves the right to institute formal disciplinary proceedings for any and all possible violations or breaches, including, but not limited to, alleged violations of the laws of Ohio occurring before the effective date of this Consent Agreement.

If the Secretary and Supervising Member of the Board determine that there is clear and convincing evidence that Dr. Renz has violated any term, condition or limitation of this Consent Agreement, Dr. Renz agrees that the violation, as alleged, also constitutes clear and convincing evidence that his continued practice presents a danger of immediate and serious harm to the public for purposes of initiating a summary suspension pursuant to Section 4731.22(G), Ohio Revised Code.

**STEP I
CONSENT AGREEMENT
BETWEEN
MARK ALLAN RENZ, M.D.,
AND
THE STATE MEDICAL BOARD OF OHIO**

This Consent Agreement is entered into by and between Mark Allan Renz, M.D. [Dr. Renz], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapter 4731., Ohio Revised Code.

Dr. Renz enters into this Consent Agreement being fully informed of his rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

- A. The Board is empowered by Section 4731.22(B), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for violation(s) of Section 4731.22(B)(26), Ohio Revised Code, "impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;" Section 4731.22(B)(10), Ohio Revised Code, "[c]ommission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;" and/or Section 4731.22(B)(5), Ohio Revised Code, "[m]aking a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatry, or a limited branch of medicine; or in securing or attempting to secure any certificate to practice or certificate of registration issued by the board."

Further, the Board is empowered by Section 4731.22(A), Ohio Revised Code, to revoke or refuse to grant a certificate to a person found by the Board to have committed fraud during the administration of the examination for a certificate to practice or to have committed "fraud, misrepresentation, or deception in applying for or securing any certificate to practice or certificate of registration issued by the board."

OHIO STATE MEDICAL BOARD

DEC 29 2004

- B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violations of Sections 4731.22(A), Ohio Revised Code, 4731.22(B)(5), Ohio Revised Code, 4731.22(B)(26), Ohio Revised Code, and 4731.22(B)(10), Ohio Revised Code, to wit: Deception to Obtain a Dangerous Drug, Section 2925.22, Ohio Revised Code, and Theft, Section 2913.02, Ohio Revised Code, as set forth in Paragraph E below. The Board expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4731. of the Revised Code, whether occurring before or after the effective date of this Agreement, including, but not limited to, violations related to patient care, regardless of whether the acts underlying such additional violations are related to the violations set forth herein, and violations based on any methods used by Dr. Renz to obtain mood-altering drugs or controlled substances for self-use other than those particularly described in Paragraph E below.
- C. Dr. Renz holds a training certificate to practice medicine and surgery in the State of Ohio, Training Certificate # 57.007902.
- D. Dr. Renz states that he does not hold a training certificate nor is he licensed to practice medicine or surgery in any other state or jurisdiction.
- E. Dr. Renz admits that on or about November 24, 2004, he self-reported to the Board that he had entered treatment for chemical dependency at The Woods at Parkside, a Board-approved treatment provider in Columbus, Ohio, on or about November 24, 2004. Dr. Renz further admits that during or about January 2001 through November 2004, during his medical education and anesthesia residency training, he engaged in a pattern of escalating chemical abuse that began with occasional abuse of alcohol and marijuana; included intermittent abuse of Ativan and Klonopin; and culminated in the abuse of inhalation anesthetics, specifically nitrous oxide and Sevoflurane, and anesthesia-related intravenous drugs, specifically Propofol and Fentanyl. Dr. Renz further admits that he sought treatment for chemical dependency at the referral of his anesthesia residency training program after Dr. Renz was determined while on-call to be in a clearly incapacitated state after self-administering Propofol twice over a short time span during one of his work shifts.

Dr. Renz further admits that he obtained the aforementioned drugs for self-use exclusively through the following methods: Dr. Renz purchased marijuana through an acquaintance; Dr. Renz was prescribed Ativan and Klonopin from by his treating physicians after Dr. Renz was diagnosed with Major Depression and Anxiety in or about April 2001; Dr. Renz obtained inhalation anesthetics from the operative suite and Propofol from the anesthesia operative carts; and Dr. Renz obtained Fentanyl by diverting and accumulating in a syringe the residual medication from Fentanyl vials that had not been required for patient anesthesia and would have otherwise constituted incidental undocumented drug wastage. Dr. Renz specifically denies obtaining any mood-altering drugs or controlled substances for self-use by any other methods and

attests that, other than diverting the residual medication from Fentanyl vials as described above, he never directly or indirectly involved patients in any of his efforts to obtain mood-altering drugs or controlled substances for self-use. Dr. Renz further attests that he never falsely documented in any medical record that a patient received a higher dose of medication than was actually administered to the patient.

Dr. Renz further admits that when submitting his Application For Training Certificate to the Board in or about May 2003, he also falsely provided a negative answer to Question 25 that asked, "Are you currently engaged in the illegal use of controlled substances?" when, in fact, he had at that time engaged in the illegal use of marijuana within the two year period immediately prior to submitting his application.

AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, Dr. Renz knowingly and voluntarily agrees with the Board to the following terms, conditions and limitations:

SUSPENSION OF CERTIFICATE

1. The training certificate of Dr. Renz to practice medicine and surgery in the State of Ohio shall be **SUSPENDED** for an indefinite period of time, but not less than one year. During such suspension period, Dr. Renz shall be ineligible to receive or hold any other certificate issued by the Board.

Sobriety

2. Dr. Renz shall abstain completely from the personal use or possession of drugs, except those prescribed, dispensed or administered to him by another so authorized by law who has full knowledge of Dr. Renz's history of chemical dependency.
3. Dr. Renz shall abstain completely from the use of alcohol.

Releases; Quarterly Declarations and Appearances

4. Dr. Renz shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Dr. Renz's chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. The above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Dr. Renz

OHIO STATE MEDICAL BOARD

DEC 29 2004

further agrees to provide the Board written consent permitting any treatment provider from whom he obtains treatment to notify the Board in the event he fails to agree to or comply with any treatment contract or aftercare contract. Failure to provide such consent, or revocation of such consent, shall constitute a violation of this Consent Agreement.

5. Dr. Renz shall submit quarterly declarations under penalty of Board disciplinary action and/or criminal prosecution, stating whether there has been compliance with all the conditions of this Consent Agreement. The first quarterly declaration must be received in the Board's offices on the first day of the third month following the month in which this Consent Agreement becomes effective, provided that if the effective date is on or after the sixteenth day of the month, the first quarterly declaration must be received in the Board's offices on the first day of the fourth month following. Subsequent quarterly declarations must be received in the Board's offices on or before the first day of every third month.
6. Dr. Renz shall appear in person for an interview before the full Board or its designated representative during the third month following the effective date of this Consent Agreement. Within thirty days of the effective date of this Consent Agreement, Dr. Renz shall submit to the Board for its prior approval the name of a supervising physician to whom Dr. Renz shall submit the required urine specimens. In approving an individual to serve in this capacity, the Board will give preference to a physician who practices in the same locale as Dr. Renz. Dr. Renz shall ensure that the supervising physician provides quarterly reports to the

Board, in a format acceptable to the Board, as set forth in the materials provided by the Board to the supervising physician, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, whether all urine screens have been negative, and whether the supervising physician remains willing and able to continue in his or her responsibilities.

In the event that the designated supervising physician becomes unable or unwilling to so serve, Dr. Renz must immediately notify the Board in writing, and make arrangements acceptable to the Board for another supervising physician as soon as practicable. Dr. Renz shall further ensure that the previously designated supervising physician also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

All screening reports and supervising physician reports required under this paragraph must be received in the Board's offices no later than the due date for Dr. Renz's quarterly declaration. It is Dr. Renz's responsibility to ensure that reports are timely submitted.

Substitution of any other specific program must receive prior Board approval.

Dr. Renz shall submit acceptable documentary evidence of continuing compliance with this program which must be received in the Board's offices no later than the due date for Dr. Renz's quarterly declarations.

**STEP I
CONSENT AGREEMENT
BETWEEN
MARK ALLAN RENZ, M.D.,
AND
THE STATE MEDICAL BOARD OF OHIO**

This Consent Agreement is entered into by and between Mark Allan Renz, M.D. [Dr. Renz], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapter 4731., Ohio Revised Code.

Dr. Renz enters into this Consent Agreement being fully informed of his rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

- A. The Board is empowered by Section 4731.22(B), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for violation(s) of Section 4731.22(B)(26), Ohio Revised Code, "impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;" Section 4731.22(B)(10), Ohio Revised Code, "[c]ommission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;" and/or Section 4731.22(B)(5), Ohio Revised Code, "[m]aking a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatry, or a limited branch of medicine; or in securing or attempting to secure any certificate to practice or certificate of registration issued by the board."

Further, the Board is empowered by Section 4731.22(A), Ohio Revised Code, to revoke or refuse to grant a certificate to a person found by the Board to have committed fraud during the administration of the examination for a certificate to practice or to have committed "fraud, misrepresentation, or deception in applying for or securing any certificate to practice or certificate of registration issued by the board."

OHIO STATE MEDICAL BOARD

DEC 29 2004

- B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violations of Sections 4731.22(A), Ohio Revised Code, 4731.22(B)(5), Ohio Revised Code, 4731.22(B)(26), Ohio Revised Code, and 4731.22(B)(10), Ohio Revised Code, to wit: Deception to Obtain a Dangerous Drug, Section 2925.22, Ohio Revised Code, and Theft, Section 2913.02, Ohio Revised Code, as set forth in Paragraph E below. The Board expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4731. of the Revised Code, whether occurring before or after the effective date of this Agreement, including, but not limited to, violations related to patient care, regardless of whether the acts underlying such additional violations are related to the violations set forth herein, and violations based on any methods used by Dr. Renz to obtain mood-altering drugs or controlled substances for self-use other than those particularly described in Paragraph E below.
- C. Dr. Renz holds a training certificate to practice medicine and surgery in the State of Ohio, Training Certificate # 57.007902.
- D. Dr. Renz states that he does not hold a training certificate nor is he licensed to practice medicine or surgery in any other state or jurisdiction.
- E. Dr. Renz admits that on or about November 24, 2004, he self-reported to the Board that he had entered treatment for chemical dependency at The Woods at Parkside, a Board-approved treatment provider in Columbus, Ohio, on or about November 24, 2004. Dr. Renz further admits that during or about January 2001 through November 2004, during his medical education and anesthesia residency training, he engaged in a pattern of escalating chemical abuse that began with occasional abuse of alcohol and marijuana; included intermittent abuse of Ativan and Klonopin; and culminated in the abuse of inhalation anesthetics, specifically nitrous oxide and Sevoflurane, and anesthesia-related intravenous drugs, specifically Propofol and Fentanyl. Dr. Renz further admits that he sought treatment for chemical dependency at the referral of his anesthesia residency training program after Dr. Renz was determined while on-call to be in a clearly incapacitated state after self-administering Propofol twice over a short time span during one of his work shifts.

Dr. Renz further admits that he obtained the aforementioned drugs for self-use exclusively through the following methods: Dr. Renz purchased marijuana through an acquaintance; Dr. Renz was prescribed Ativan and Klonopin from by his treating physicians after Dr. Renz was diagnosed with Major Depression and Anxiety in or about April 2001; Dr. Renz obtained inhalation anesthetics from the operative suite and Propofol from the anesthesia operative carts; and Dr. Renz obtained Fentanyl by diverting and accumulating in a syringe the residual medication from Fentanyl vials that had not been required for patient anesthesia and would have otherwise constituted incidental undocumented drug wastage. Dr. Renz specifically denies obtaining any mood-altering drugs or controlled substances for self-use by any other methods and

attests that, other than diverting the residual medication from Fentanyl vials as described above, he never directly or indirectly involved patients in any of his efforts to obtain mood-altering drugs or controlled substances for self-use. Dr. Renz further attests that he never falsely documented in any medical record that a patient received a higher dose of medication than was actually administered to the patient.

Dr. Renz further admits that when submitting his Application For Training Certificate to the Board in or about May 2003, he also falsely provided a negative answer to Question 25 that asked, "Are you currently engaged in the illegal use of controlled substances?" when, in fact, he had at that time engaged in the illegal use of marijuana within the two year period immediately prior to submitting his application.

AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, Dr. Renz knowingly and voluntarily agrees with the Board to the following terms, conditions and limitations:

SUSPENSION OF CERTIFICATE

1. The training certificate of Dr. Renz to practice medicine and surgery in the State of Ohio shall be **SUSPENDED** for an indefinite period of time, but not less than one year. During such suspension period, Dr. Renz shall be ineligible to receive or hold any other certificate issued by the Board.

Sobriety

2. Dr. Renz shall abstain completely from the personal use or possession of drugs, except those prescribed, dispensed or administered to him by another so authorized by law who has full knowledge of Dr. Renz's history of chemical dependency.
3. Dr. Renz shall abstain completely from the use of alcohol.

Releases; Quarterly Declarations and Appearances

4. Dr. Renz shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Dr. Renz's chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. The above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Dr. Renz

OHIO STATE MEDICAL BOARD

DEC 29 2004

further agrees to provide the Board written consent permitting any treatment provider from whom he obtains treatment to notify the Board in the event he fails to agree to or comply with any treatment contract or aftercare contract. Failure to provide such consent, or revocation of such consent, shall constitute a violation of this Consent Agreement.

5. Dr. Renz shall submit quarterly declarations under penalty of Board disciplinary action and/or criminal prosecution, stating whether there has been compliance with all the conditions of this Consent Agreement. The first quarterly declaration must be received in the Board's offices on the first day of the third month following the month in which this Consent Agreement becomes effective, provided that if the effective date is on or after the sixteenth day of the month, the first quarterly declaration must be received in the Board's offices on the first day of the fourth month following. Subsequent quarterly declarations must be received in the Board's offices on or before the first day of every third month.

Subsequent personal appearances must occur every three months thereafter, and/or as otherwise requested by the Board. If an appearance is missed or is rescheduled for any reason, ensuing appearances shall be scheduled based on the appearance date as originally scheduled.

Dr. Renz shall ensure that all screening reports are forwarded directly to the Board on a quarterly basis. The drug testing panel utilized must be acceptable to the Secretary of the Board.

Dr. Renz shall abstain from consumption of poppy seeds or any other food or liquid that may produce false results in a toxicology screen.

Within thirty days of the effective date of this Consent Agreement, Dr. Renz shall submit to the Board for its prior approval the name of a supervising physician to whom Dr. Renz shall submit the required urine specimens. In approving an individual to serve in this capacity, the Board will give preference to a physician who practices in the same locale as Dr. Renz. Dr. Renz and the supervising physician shall ensure that the urine specimens are obtained on a random basis and that the giving of the specimen is witnessed by a reliable person. In addition, the supervising physician shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

Dr. Renz shall ensure that the supervising physician provides quarterly reports to the

Board, in a format acceptable to the Board, as set forth in the materials provided by the Board to the supervising physician, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, whether all urine screens have been negative, and whether the supervising physician remains willing and able to continue in his or her responsibilities.

In the event that the designated supervising physician becomes unable or unwilling to so serve, Dr. Renz must immediately notify the Board in writing, and make arrangements acceptable to the Board for another supervising physician as soon as practicable. Dr. Renz shall further ensure that the previously designated supervising physician also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

All screening reports and supervising physician reports required under this paragraph must be received in the Board's offices no later than the due date for Dr. Renz's quarterly declaration. It is Dr. Renz's responsibility to ensure that reports are timely submitted.

Rehabilitation Program

8. Within thirty days of the effective date of this Consent Agreement, Dr. Renz shall undertake and maintain participation in an alcohol and drug rehabilitation program, such as A.A., N.A., C.A., or Caduceus, no less than three times per week. Substitution of any other specific program must receive prior Board approval.

10. In the event that Dr. Renz has not been engaged in the active practice of medicine and surgery for a period in excess of two years prior to application for reinstatement or renewal of his training certificate or issuance of another license by the Board, the Board may exercise its discretion under Section 4731.222, Ohio Revised Code, to require additional evidence of Dr. Renz's fitness to resume practice.
