Dear Dr. Secada-Lovio:

In accordance with Chapter 119., Ohio Revised Code, you are hereby notified that the State Medical Board of Ohio purposes to deny your application for a certificate to practice medicine or surgery based on one or more of the following reasons:

1. On the application which you submitted to the State Medical Board on or about May 20, 1985, you were asked in Section 5, Question 6 whether you have ever withdrawn from, or been suspended, dismissed, or expelled from a medical school or postgraduate training program to which you responded "no". In fact, you withdrew from or have been suspended, dismissed or expelled from one medical school and two residency programs:
 - a.) Medical School at Salamanaca University, Salamanaca, Spain, 1969-1970;
 - b.) Residency in pathology, University of Cincinnati Hospital, July, 1979 to December, 1979;
 - c.) Residency in psychiatry, Northville Regional Psychiatric Hospital, Northville, Michigan, July, 1980 to March 14, 1982.

2. On the application which you submitted to the State Medical Board on or about May 20, 1985, you were asked in Section 4, Question 1(b) to list all FLEX exams you have taken. You listed five exams:
 - a.) Georgia, June, 1979
 - b.) Michigan, June, 1981
 - c.) Michigan, June, 1983
 - d.) Michigan, December, 1983
 - e.) Michigan, June, 1984

In fact, you have taken the FLEX eight times. In addition to the five exams which you listed, you also took the FLEX exam the following times:

- a.) Georgia, June, 1980
- b.) Georgia, December, 1980
- c.) Michigan, December, 1984

Such misrepresentation as alleged in the above Paragraphs 1 and 2 constitute "fraud, misrepresentation, or deception in applying for or securing any license or certificate issued by the Board", as that clause is used in Section 4731.22(A), Ohio Revised Code.

Further, such misrepresentations demonstrate that you lack the good moral character required by Section 4731.08, Ohio Revised Code, for a certificate to be issued.

3. You have completed only twenty(20) months of post-doctoral training in an approved hospital in the United States.

Section 4731.09(A) requires that foreign born graduates of a foreign medical school complete not less than twenty-four (24) months of post doctoral training in an approved hospital in the United States prior to being admitted to the FLEX examination. Since you lack the statutory requirements for admission, you are not eligible to take the FLEX examination in Ohio.

Pursuant to Chapter 119., Ohio Revised Code, please be advised that you are entitled to request a hearing on this matter. If you wish to request such a hearing, that request must be made within thirty (30) days of the time of mailing of this notice.

You are further advised that you are entitled to appear at such a hearing in person, or by your attorney, or you may present your position, arguments, or contentions in writing, or that at the hearing you may present evidence and examine witnesses appearing for or against you.

In the event there is no request for such a hearing made within thirty (30) days of the time of mailing of this notice, the State Medical Board of Ohio may, in your absence and upon consideration of this matter, take final action on the proposed denial of your application for a certificate to practice medicine or surgery in Ohio.

Copies of the applicable Ohio Revised Code Sections are enclosed for your review.

Very truly yours,

Henry G. Cramblett, M.D.
Secretary
