AND
THE STATE MEDICAL BOARD OF OHIO**

STATE MEDICAL BOARD
OF OHIO
2005 JUL -8 A 10: 23

This Consent Agreement is entered into by and between Gregory Scott Foster, D.O., [Dr. Foster], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapter 4731., Ohio Revised Code.

Dr. Foster enters into this Consent Agreement being fully informed of his rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

- A. The Board is empowered by Section 4731.22(B), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for violation of Section 4731.22(B)(19), Ohio Revised Code, “[i]nability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills,” and/or for violation of Section 4731.22(B)(26), Ohio Revised Code, “impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice,” and/or for violation of Section 4731.22(B)(22), Ohio Revised Code, “[a]ny of the following actions taken by the agency responsible for regulating the practice of medicine and surgery, osteopathic medicine and surgery, podiatry, or the limited branches of medicine in another state, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual’s license to practice; acceptance of an individual’s license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand.”

- B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violation of Sections 4731.22(B)(19), (B)(22), and (B)(26), Ohio Revised Code, as set forth in Paragraph E below, and expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4731. of the Revised Code, whether occurring before or after the effective date of this Consent Agreement.

- C. On or about June 1, 2004, Dr. Foster submitted an application for a license to practice osteopathic medicine and surgery in the State of Ohio. Such application remains pending.
- D. Dr. Foster states that he is also licensed to practice osteopathic medicine and surgery in the States of New Jersey, Pennsylvania, and Illinois.
- E. Dr. Foster admits that he has a history of progressive and escalating chemical dependency, having in the past abused marijuana, cocaine, Dexedrine and alcohol, and at times consuming alcohol on a daily basis. Dr. Foster admits that in November 2000 in the State of New Jersey, he was charged with and convicted of driving under the influence of alcohol following an automobile accident. Dr. Foster further admits that, on or about February 3, 2001, after unsuccessful unilateral attempts to cease drinking alcohol, he entered inpatient treatment at Clearbrook Manor, Wilkes Barre, Pennsylvania, but was discharged treatment incomplete. Dr. Foster admits that on or about March 7, 2001, he entered Talbot Recovery Campus, Atlanta, Georgia, [Talbot], a Board-approved treatment provider, for evaluation and subsequent inpatient treatment, and was discharged on April 21, 2001, treatment complete, with primary diagnoses of alcohol dependence and depressive disorder, NOS. Dr. Foster admits that upon discharge, Talbot's continuing care recommendations included adherence to a forty-hour workweek, with any changes to be approved by his monitoring physician.

Dr. Foster admits that in or about September 2001, he relapsed on alcohol, and thereafter, on or about October 25, 2001, voluntarily surrendered his license to practice osteopathic medicine and surgery in the state of New Jersey for a minimum of three months, with conditions for reinstatement that included random twice-weekly urine screens and a requirement that he take Antabuse. Dr. Foster states that his New Jersey license to practice osteopathic medicine and surgery was reinstated without restriction on or about September 23, 2002. Copies of the State of New Jersey Consent Order of Voluntary Surrender in the Matter of Gregory S. Foster, D.O., and the State of New Jersey Order of Reinstatement of License in the Matter of Gregory S. Foster, D.O., are attached hereto and incorporated herein. Dr. Foster states that he has maintained sobriety since October 2001.

Dr. Foster states, and the Board acknowledges, that Louis E. Baxter, Sr., M.D., Executive Medical Director of the Physicians' Health Program of the Medical Society of New Jersey, has provided a written report indicating that Dr. Foster is in stable recovery and in good standing with the New Jersey Physicians' Health Program; that he holds an unrestricted license to practice in the State of New Jersey; that he has accumulated more than three years of ongoing, documented recovery from his alcohol dependence; that he currently undergoes random, quarterly urine monitoring, with all screens having been negative for psychoactive substances, including alcohol; that he regularly attends four meetings of Alcoholics Anonymous per week; that he follows

up with a clinical representative of the New Jersey Physicians' Health Program quarterly; and that he no longer is required to take Antabuse. Further, Dr. Foster states that he is no longer limited to a forty-hour workweek.

Dr. Foster admits that he is treated for depression and generalized anxiety disorder by his psychiatrist with medication including antidepressants and Ativan.

AGREED CONDITIONS

Wherefore, in consideration of the foregoing and mutual promises hereinafter set forth, and in lieu of any formal proceedings at this time, Dr. Foster shall be granted a certificate to practice osteopathic medicine and surgery in the State of Ohio, upon receipt and appropriateness of necessary documentation, and Dr. Foster knowingly and voluntarily agrees with the Board to the following PROBATIONARY terms, conditions and limitations:

1. Dr. Foster shall obey all federal, state, and local laws, and all rules governing the practice of medicine in Ohio.
2. Dr. Foster shall submit quarterly declarations under penalty of Board disciplinary action or criminal prosecution, stating whether there has been compliance with all the conditions of this Consent Agreement. The first quarterly declaration must be received in the Board's offices on the first day of the third month following the month in which this Consent Agreement becomes effective. Subsequent quarterly declarations must be received in the Board's offices on or before the first day of every third month.
3. Dr. Foster shall appear in person for an interview before the full Board or its designated representative during the third month following the effective date of this Consent Agreement. Subsequent personal appearances must occur every three months thereafter, and/or as otherwise requested by the Board. If an appearance is missed or is rescheduled for any reason, ensuing appearances shall be scheduled based on the appearance date as originally scheduled.
4. In the event Dr. Foster is found by the Secretary of the Board to have failed to comply with any provision of this Consent Agreement, and is so notified of that deficiency in writing, such period(s) of noncompliance will not apply to the reduction of the probationary period under this Consent Agreement.

MONITORING OF REHABILITATION AND TREATMENT

Drug Associated Restrictions

5. Dr. Foster shall keep a log of all controlled substances prescribed. Such log shall be submitted, in the format approved by the Board, thirty days prior to Dr. Foster's

personal appearance before the Board or its designated representative, or as otherwise directed by the Board. Further, Dr. Foster shall make his patient records with regard to such prescribing available for review by an agent of the Board upon request.

6. Dr. Foster shall not, without prior Board approval, administer, personally furnish, or possess (except as allowed under Paragraph 7 below) any controlled substances as defined by state or federal law. In the event that the Board agrees at a future date to modify this Consent Agreement to allow Dr. Foster to administer or personally furnish controlled substances, Dr. Foster shall keep a log of all controlled substances prescribed, administered or personally furnished. Such log shall be submitted in the format approved by the Board thirty days prior to Dr. Foster's personal appearance before the Board or its designated representative, or as otherwise directed by the Board. Further, Dr. Foster shall make his patient records with regard to such prescribing, administering, or personally furnishing available for review by an agent of the Board upon request.

Sobriety

7. Dr. Foster shall abstain completely from the personal use or possession of drugs, except those prescribed, dispensed or administered to him by another so authorized by law who has full knowledge of Dr. Foster's history of chemical dependency.
8. Dr. Foster shall abstain completely from the use of alcohol.

Drug and Alcohol Screens/Supervising Physician

9. Dr. Foster shall submit to random urine screenings for drugs and alcohol two times per month or as otherwise directed by the Board. Dr. Foster shall ensure that all screening reports are forwarded directly to the Board on a quarterly basis. The drug testing panel utilized must be acceptable to the Secretary of the Board.

Dr. Foster shall abstain from consumption of poppy seeds or any other food or liquid that may produce false results in a toxicology screen.

Within thirty days of the effective date of this Consent Agreement, Dr. Foster shall submit to the Board for its prior approval the name and curriculum vitae of a supervising physician to whom Dr. Foster shall submit the required urine specimens. In approving an individual to serve in this capacity, the Board will give preference to a physician who practices in the same locale as Dr. Foster. Dr. Foster and the supervising physician shall ensure that the urine specimens are obtained on a random basis and that the giving of the specimen is witnessed by a reliable person. In addition, the supervising physician shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

The Board expressly reserves the right to disapprove any person or entity proposed to serve as Dr. Foster's designated supervising physician, or to withdraw approval of any person or entity previously approved to serve as Dr. Foster's designated supervising physician, in the event that the Secretary and Supervising Member of the Board determine that any such supervising physician has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

Dr. Foster shall ensure that the supervising physician provides quarterly reports to the Board, in a format acceptable to the Board, as set forth in the materials provided by the Board to the supervising physician, verifying whether all urine screens have been conducted in compliance with this Consent Agreement, whether all urine screens have been negative, and whether the supervising physician remains willing and able to continue in his or her responsibilities.

In the event that the designated supervising physician becomes unable or unwilling to so serve, Dr. Foster must immediately notify the Board in writing, and make arrangements acceptable to the Board for another supervising physician as soon as practicable. Dr. Foster shall further ensure that the previously designated supervising physician also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

All screening reports and supervising physician reports required under this paragraph must be received in the Board's offices no later than the due date for Dr. Foster's quarterly declaration. It is Dr. Foster's responsibility to ensure that reports are timely submitted.

10. The Board retains the right to require, and Dr. Foster agrees to submit, blood or urine specimens for analysis at Dr. Foster's expense upon the Board's request and without prior notice. Dr. Foster's refusal to submit a blood or urine specimen upon request of the Board shall result in a minimum of one year of actual license suspension.

Monitoring Physician

11. Before engaging in any medical practice in the State of Ohio, Dr. Foster shall submit the name and curriculum vitae of a monitoring physician for prior written approval by the Secretary or Supervising Member of the Board. In approving an individual to serve in this capacity, the Secretary and Supervising Member will give preference to a physician who practices in the same locale as Dr. Foster and who is engaged in the same or similar practice specialty.

The monitoring physician shall monitor Dr. Foster and his medical practice, and shall review Dr. Foster's patient charts. The chart review may be done on a random basis, with the frequency and number of charts reviewed to be determined by the Board.

Further, the monitoring physician shall provide the Board with reports on the monitoring of Dr. Foster and his medical practice, and on the review of Dr. Foster's patient charts. Dr. Foster shall ensure that the reports are forwarded to the Board on a quarterly basis and are received in the Board's offices no later than the due date for Dr. Foster's quarterly declaration.

In the event that the designated monitoring physician becomes unable or unwilling to serve in this capacity, Dr. Foster must immediately so notify the Board in writing. In addition, Dr. Foster shall make arrangements acceptable to the Board for another monitoring physician within thirty days after the previously designated monitoring physician becomes unable or unwilling to serve, unless otherwise determined by the Board. Furthermore, Dr. Foster shall ensure that the previously designated monitoring physician also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

Rehabilitation Program

12. Within thirty days of the effective date of this Consent Agreement, Dr. Foster shall undertake and maintain participation in an alcohol and drug rehabilitation program, such as A.A., N.A., C.A., or Caduceus, no less than three times per week. Substitution of any other specific program must receive prior Board approval.

Dr. Foster shall submit acceptable documentary evidence of continuing compliance with this program which must be received in the Board's offices no later than the due date for Dr. Foster's quarterly declarations.

Psychiatric Treatment

13. Within thirty days of the effective date of this Consent Agreement, Dr. Foster shall submit to the Board for its prior approval the name and qualifications of a psychiatrist of his choice. Upon approval by the Board, Dr. Foster shall undergo and continue psychiatric treatment weekly or as otherwise directed by the Board. Dr. Foster shall comply with his psychiatric treatment plan, including taking medications as prescribed and/or ordered for his psychiatric disorder. Dr. Foster shall ensure that psychiatric reports are forwarded by his treating psychiatrist to the Board on a quarterly basis, or as otherwise directed by the Board. The psychiatric reports shall contain information describing Dr. Foster's current treatment plan and any changes that have been made to the treatment plan since the prior report; Dr. Foster's compliance with his treatment plan; Dr. Foster's mental status; Dr. Foster's progress in treatment; and results of any laboratory studies that have been conducted since the prior report. Dr. Foster shall ensure that his treating psychiatrist immediately notifies the Board of his failure to comply with his psychiatric treatment plan and/or any determination that Dr. Foster is unable to practice due to his psychiatric disorder. It is

Dr. Foster's responsibility to ensure that quarterly reports are received in the Board's offices no later than the due date for Dr. Foster's quarterly declaration.

In the event that the designated treating psychiatrist becomes unable or unwilling to serve in this capacity, Dr. Foster must immediately so notify the Board in writing. In addition, Dr. Foster shall make arrangements acceptable to the Board for another treating psychiatrist within thirty days after the previously designated treating psychiatrist becomes unable or unwilling to serve, unless otherwise determined by the Board. Furthermore, Dr. Foster shall ensure that the previously designated treating psychiatrist also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

Aftercare

14. Dr. Foster shall contact an appropriate impaired physicians committee, approved by the Board, to arrange for assistance in recovery or aftercare.
15. Dr. Foster shall maintain continued compliance with the terms of any aftercare contract entered into with his treatment provider, provided that, where terms of the aftercare contract conflict with terms of this Consent Agreement, the terms of this Consent Agreement shall control.

Releases

16. Dr. Foster shall provide continuing authorization, through appropriate written consent forms, for disclosure by his treatment provider to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for them to fulfill their respective duties and obligations.

Approval of Employment

17. Dr. Foster shall obtain the approval of the Board for any medical practice or employment related to the health care fields. The Board shall consider, among other factors, the adequacy and continuity of supervision and the feasibility of restricted access to controlled substances, which will ensure the protection of the public, prior to approval or disapproval of the proposed employment.

Required Reporting by Licensee

18. Within thirty days of the effective date of this Consent Agreement, Dr. Foster shall provide a copy of this Consent Agreement to all employers or entities with which he is under contract to provide health care services or is receiving training; and the Chief of Staff at each hospital where he has privileges or appointments. Further, Dr. Foster shall provide a copy of this Consent Agreement to all employers or entities with

which he contracts to provide health care services, or applies for or receives training, and the Chief of Staff at each hospital where he applies for or obtains privileges or appointments.

19. Within thirty days of the effective date of this Consent Agreement, Dr. Foster shall provide a copy of this Consent Agreement by certified mail, return receipt requested, to the proper licensing authority of any state or jurisdiction in which he currently holds any professional license. Dr. Foster further agrees to provide a copy of this Consent Agreement by certified mail, return receipt requested, at time of application to the proper licensing authority of any state in which he applies for any professional license or for reinstatement of any professional license. Further, Dr. Foster shall provide this Board with a copy of the return receipt as proof of notification within thirty days of receiving that return receipt.
20. Dr. Foster shall provide a copy of this Consent Agreement to all persons and entities that provide Dr. Foster chemical dependency treatment or monitoring and to all persons and entities that provide Dr. Foster psychiatric or mental health treatment or monitoring.

FAILURE TO COMPLY

If, in the discretion of the Secretary and Supervising Member of the Board, Dr. Foster appears to have violated or breached any term or condition of this Consent Agreement, the Board reserves the right to institute formal disciplinary proceedings for any and all possible violations or breaches, including, but not limited to, alleged violations of the laws of Ohio occurring before the effective date of this Consent Agreement.

If the Secretary and Supervising Member of the Board determine that there is clear and convincing evidence that Dr. Foster has violated any term, condition or limitation of this Consent Agreement, Dr. Foster agrees that the violation, as alleged, also constitutes clear and convincing evidence that his continued practice presents a danger of immediate and serious harm to the public for purposes of initiating a summary suspension pursuant to Section 4731.22(G), Ohio Revised Code.

DURATION/MODIFICATION OF TERMS

Dr. Foster shall not request termination of this Consent Agreement for a minimum of three years. In addition, Dr. Foster shall not request modification to the probationary terms, limitations, and conditions contained herein for at least one year. Otherwise, the above-described terms, limitations and conditions may be amended or terminated in writing at any time upon the agreement of both parties.

ACKNOWLEDGMENTS/LIABILITY RELEASE

Dr. Foster acknowledges that he has had an opportunity to ask questions concerning the terms of this Consent Agreement and that all questions asked have been answered in a satisfactory manner.

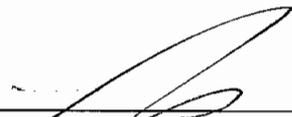

Any action initiated by the Board based on alleged violations of this Consent Agreement shall comply with the Administrative Procedure Act, Chapter 119., Ohio Revised Code.

Dr. Foster hereby releases the Board, its members, employees, agents, officers and representatives jointly and severally from any and all liability arising from the within matter.

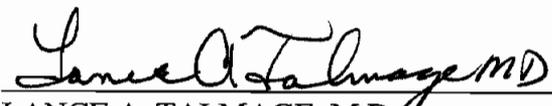

This Consent Agreement shall be considered a public record as that term is used in Section 149.43, Ohio Revised Code. Further, this information may be reported to appropriate organizations, data banks and governmental bodies.
