

The following internal management rule is being circulated for comments. The proposed changes are highlighted below.

State Medical Board Metrics

**4731-30-03 Approval of licensure applications – Proposed to amend**

- Adds certain licensure application scenarios to the definition of routine authorization of a licensure application;
- Delegates the granting of a waiver of licensure examination attempts for physician licensure eligibility the Board Secretary and Supervising Member;
- Delegations the determination of physician graduate medical education equivalency to the Board Secretary and Supervising Member;
- Delegates the granting of a demonstration of fitness to practice due to inactivity to the Board Secretary and Supervising Member;
- Deletes reference to oriental medicine practitioner in paragraph (C)(12) and renumbers the remaining paragraphs;
- Allows for Secretary and Supervising Member to determine parameters for granting waivers under Rule 4731-6-05, granting equivalency for graduate medical education and determining that an applicant has demonstrated fitness to resume practice due to inactivity.
