

CTR Search Map

The CTR search map is the primary resource for locating the physicians with a CTR because each physician on the map has provided their preferred practice address to the Medical Board. The CTR search map is located here: <https://med.ohio.gov/Publications/CTR-Search>.

The CTR search map homepage provides multiple ways to quickly interact and search for CTR physicians. The map defaults to all CTR physicians. To update the map simply click on a dropdown list and select a state, region, county, or city (outlined in red) to update the filters.
