Specific Disease or Condition:  
aspergers disorder

Information from experts who specialize in the disease or condition.  
its a form of autism spectrum disorders

Relevant medical or scientific evidence pertaining to the disease or condition.  
normally class 2 stimulants are prescribed for this condition but the side effects of these drugs is often intolerable

Consideration of whether conventional medical therapies are insufficient to treat or alleviate the disease or condition.  
current meds have a lot of bad side effects

Evidence supporting the use of medical marijuana to treat or alleviate the disease or condition, including journal articles, peer-reviewed studies, and other types of medical or scientific documentation.  
there's lots of well known studies showing improvement in autism from medical marijuana ..

Letters of support provided by physicians with knowledge of the disease or condition. This may include a letter provided by the physician treating the petitioner, if applicable.  
its established scientific fact . but the state ignores people with aspergers disorder and they are often bullied by the system
