Specific Disease or Condition:

Anxiety

Information from experts who specialize in the disease or condition.

I don't believe we need experts to prove medical marijuana is good for anxiety. This is known information.

Relevant medical or scientific evidence pertaining to the disease or condition.

Come on Ohio....

Consideration of whether conventional medical therapies are insufficient to treat or alleviate the disease or condition.

...

Evidence supporting the use of medical marijuana to treat or alleviate the disease or condition, including journal articles, peer-reviewed studies, and other types of medical or scientific documentation.

There are many studies on this. Why would you ask civilians for evidence.

Letters of support provided by physicians with knowledge of the disease or condition. This may include a letter provided by the physician treating the petitioner, if applicable.

Wow Ohio you're backwards.
